ONE KILLED, TWO HURT—Driver John H. Jaquish, 34, of San Anselmo is lifted toward ambulance after his sports car rolled over an embankment near Mount Tamalpais State Park last night. His step-daughter, Cappie Bowen, 20, died in the crash. The night-time crash scene is so well illuminated by photographer's flash that it almost looks like day. (Independent-Journal photo by Bob Hax)

Car Plunges Off Bank, Girl Dies

Her Death Is 13th This Year

A 20-year-old San Anselmo girl died last night in a one-car accident near Mount Tamalpais State Park, and her step-father, driving the car, was hospitalized with fractures and chest injuries.

Dead is Miss Cappie Bowen of 93 Hillside Avenue. Her death was the 13th this year on Marin highways as compared with 10 fatalities this time last year.

Her step-father, John H. Jaquish, 34, also of 93 Hillside Avenue, was in "fair" condition today at Marin General Hospital with fractures of the right shoulder and left forearm, and chest injuries.

Another passenger in Jaquish's single-seater sports car suffered minor injuries. He is Donald Islar, 19, a student at University of Washington, who is visiting with the Jaquish family.

Jaquish was ascending Panoramic Highway from Stinson Beach about 9:10 last night when his car went into a skid about a half mile west of Tamalpais State Park headquarters. California Highway Patrolmen said the car apparently went into a broadside skid and went over an embankment, landing on a tree about 15 feet below.

Miss Bowen, taken to the hospital by Marin Ambulance, was pronounced dead on arrival.

Islar, the only victim who could be interviewed by pa-

HUGE TURNOUT

Fourth Shatters All Fair Records

An old fashioned Fourth of July yesterday at the Marin Art and Garden Fair shattered all previous July 4 fair attendance records.

A total of 8,700 persons paid to see the 17th annual county fair at Ross, it was announced late last night by fair cashier Robert R. Woodward of Fairfax, assistant manager of the San Anselmo branch, Crocker-Anglo Bank.

Woodward pointed out that with the opening night record of 2,560 paid attendance, 11,260 have thus far paid to see the 1962 show, "Cherry Blossoms in July."

(More prize winners are listed on page 3.)

Hundreds of fair workers and thousands of children under 12 admitted free swelled the total to an incalculable number.

Yesterday was definitely a family affair, with children dashing from attraction to attraction pulling balloons behind, and their exhausted elders catching a few moments of late afternoon rest on the lawns.

Forty kimono-clad young ladies of the Marin Nakayoshi Society entertained visitors with an afternoon performance of traditional Japanese folk dances.

The Tamalpais High School "Neuvo Jazz Quartet" played in the fair amphitheater for "High School Dance Time," 5-7 p.m. The teen-age crowd didn't dance, but fairgoers of all ages sat under the trees enjoying the music.

The Lamplighters of San Francisco entertained in the evening with such old favorites as "Three Little Maids From School Are We," and "A Wandering Minstrel I."

Fair business records yesterday equalled the all-time high attendance. Ross Valley Players, amateur restauranteurs, did $2,883 business. Three teen-age boys ran all day pulling people in rickshaws at 15 cents a ride, and made $40. Business totaled $19,226.63 for the day.

People bought antiques, pottery, paintings, peanut brittle and a unique confection known as "blobs."

The fair will run through Saturday night. Fair hours are 10 a.m. to 10 p.m. daily. A 75-cent price admits fairgoers to the grounds and all events. Fair attractions tonight will include a program of barbershop singing at the Northgate Stage at 8:30 p.m.

Tomorrow's events include a Japanese brush painting exhibition by Japanese artist Mikami at 2 p.m., and an 8:45 p.m. concert by the Claudio Symphony Orchestra.

Also featured tomorrow will be the Lesselli Marionettes, Jerry Geraldo the Clown, two organ concerts, color films of Japan, showings of award-winning color slides in the fair photography contest, and a 5-7 p.m. "High School Dance Time" School Dance Time," 5-7 p.m. featuring the Sir Francis Drake High School "Count Downs."

Arson Suspected After Fire Ruins 2 Mt. Tam Homes

A wind-whipped fire which destroyed two houses west of Mill Valley on Marin View Avenue for a total loss of $55,000 last night may have been set by an arsonist, investigating firemen said today.

The houses belonged to Frank Dennison, 80 Marin View Avenue, and Mrs. Mimi Heidelmann, 86 Marin View Avenue. Occupants of the Dennison house, Thomas Harshberger and C. B. Dulcan had moved Saturday.

"It's highly unlikely that a vacant home would just catch fire," Marin County Fire Chief Louis J. Bloom said today.

The fire started in the Dennison home and spread quickly to the Heidelmann home shortly after 11 p.m. The Hidelman home is leased to Mr. and Mrs. Joe von Voasselier, who were also away at the time of the blaze.

Firemen from the Marin County Fire Department and Mill Valley were hampered in controlling the blaze because of a lack of water, a narrow road, and a 36 mile per hour wind.

The fire spread up the slope of Mount Tamalpais, burning 12 redwood trees and two acres of brush and grass.

The fire, first reported by an unidentified neighbor at 11:18 p.m., started in the three-story Dennison house. He lives at 137 James Street, Mill Valley.

Chief Bloom, after a preliminary investigation early today, ruled out faulty fixtures and utilities as a possible cause.

Moffitt Mansion Is About Ready To Be 'Docked'

The $75,000 Moffitt mansion, which has been floating on a barge on the north shore of Belvedere Island since Tuesday, was to be moved ashore at high tide this afternoon.

William Johnstone, one of four Marin men taking part in the venture of moving the house from San Francisco to Belvedere, said the house is to be moved by 11 men. They will use dollies to get the two sections of the mansion located above trenches on a new site. Later foundations will be poured in the trenches and the house lowered.

The operation was to begin at 4 p.m. and to be completed in six hours.

Fair Weather Should Reign

SAN FRANCISCO (AP)—Fair weather is forecast for California through tomorrow, except for low cloudiness near the coast and partly cloudy skies in the extreme north today.

The Weather Bureau expected cooler weather today in the north half of the state.

Temperatures, in general, have been slightly above normal.

Red Bluff had a high of 103 degrees yesterday.

Everyman I Crew Sick; Coming Home

Crewmen on the second voyage of the Everyman I decided today they weren't able enough seamen to sail the protest boat into the Pacific nuclear test area, and decided to come back to Sausalito. **(See photo on page 13.)**

"The government is not our master, but the sea is," said crew member Barton Stone, 24.

Stone, a San Francisco carpenter, talked via radio this morning to Roger Moss of the Committee for Non-Violent Action. He said the three-man crew concluded it "lacked the personal qualifications to get Everyman I to the test area." Besides, they were seasick, he said.

With Stone were Walter Chaffee, 39, an instructor at California Polytechnic Institute at San Luis Obispo, and Bob Robbins, a San Francisco picture framer. They sailed the 30-foot trimaran from Sausalito yesterday against federal court orders.

The Everyman I was boarded May 26 by U.S. deputy marshals after its first three-man crew sailed in defiance of court orders. The first crew was arrested.

While the second crew decided to return, Asst. U.S. Atty. Gerald Lader sought new warrants for the arrest of the three men. A Coast Guard cutter had followed the Everyman and awaited orders to stop the boat and remove its crew.

In Honolulu, about 20 silent demonstrators marched in protest of the nuclear testing. The group included the crew of Everyman II which sailed illegally to the test zone last week.

LIFE JACKET FOUND —NEW ESCAPE CLUE?

A home-made life jacket, similar to those made by three convicts who escaped from Alcatraz Prison on June 11, was reported to have been found in San Francisco Bay.

It was another possible clue among the many "clues," which have as yet failed to establish whether or not the three escapers are dead or alive.

A report published in San Francisco said the jacket was blood stained and matted with hair. The jacket, according to the report, was found a week ago, but no official source would say exactly where it was found or by whom.

Since the disappearance of the convicts, pieces of a wooden raft and a plastic sheeting tied in knots to provide air pockets floated up in Marin.

The report of the blood-stained jacket gave substance to the speculation of a top federal prison official that Clarence Anglin and his brother John killed the mastermind of the daring escape, Frank Morris.

Hair was matted on the life jacket, and it was still laced, indicating the wearer slipped or was pushed out of it after being slugged, according to the report.

Fred Wilkinson, deputy director of U.S. prisons, some time ago expressed a theory that the mastermind, Morris, Louisiana bank robber, might have been slain by the Anglin brothers, Alabama robbers. If their makeshift raft had become overloaded, the Anglins would probably dispose of Morris, the prison official theorized.

WIRE NEWS BRIEFS From Everywhere

Nevada's Rex Bell Dies At 58

LAS VEGAS (AP)—Lt. Gov. Rex Bell, a cowboy star of the silent film era who married the "It Girl" of the 1920s, actress Clara Bow, died last night of a heart attack.

Bell collapsed at the home of a friend a few hours after addressing a Republican Party rally. He was the only announced GOP gubernatorial candidate and was widely regarded by political observers as the only person who could rally strength for Nevada Republicans in next fall's elections.

The death of the 58-year-old, silver-haired politician brought statements of shock and sadness from Republican and Democratic leaders around the state.

His widow, Miss Bow, was reported seriously ill in a Culver City rest home. A spokesman said that due to her condition she was not notified of Bell's death.

He also leave two sons, Rex Anthony, 27, and George, 24.

Two Israelis Die As Arabs Fire

JERUSALEM (UPI)—Jordanian Arab legion troops fired into the Israeli Sector of Jerusalem yesterday, killing two Israeli soldiers and wounding another soldier and three civilians.

One of the civilian casualties was a young woman.

It was not known whether the Jordanians suffered any casualties.

A spokesman said Jordanian troops suddenly opened fire from a number of positions in the Jordanian-held "old city" about 7 p.m. Machinegun and rifle bullets ripped into the Jewish quarters near Mount Zion while Israeli patrols moved up to return the fire.

Potrero Hill Aid Is Ordered

SAN FRANCISCO (UPI)—City trucks and crews were ordered to the cave-in area of Potrero Hill today in an effort to save personal property from houses collapsing along with the Western Pacific Railroad tunnel.

The collapse is being caused by fire that started Saturday in the tunnel and has been gradually destroying the tunnel's timber supports.

Mayor George Christopher yesterday declared a 30-day emergency in the area, and promised the city's help in removing belongings from collapsing homes and in providing housing for those forced to leave their homes.

He also criticized the city's disaster corps chief, retired Rear Adm. A. G. Cook, for failing to act. He ordered Cook to duty at Potrero Police station to help residents whose homes are threatened by the cave-in.

Typist Shot

SAN FRANCISCO (UPI)—Two men forced their way into the apartment of a 47-year-old typist yesterday and shot the woman in the neck, paralyzing her.

The victim, Elsie DeBrin, underwent surgery at Mission Emergency Hospital and was reported in critical condition. Doctors said she was paralyzed from the neck down, and there were indications that the paralysis might be permanent, if she survives.

Police said the two men knocked at the door of her apartment at 1270 Pine Street, and pushed their way in after she opened the door.

One man struck her on the head with a pistol in the ensuing struggle, and the man shot her in the neck when she continued to fight. Her keys and wallet were missing from the apartment.

Mrs. DeBruin was unable to describe the attackers other than to say one was short and the other tall.

Princess In Paris

LONDON (AP)—Princess Anne—third in line of succession to the British throne—has gone to France on what a Buckingham Palace spokesman described as an educational visit.

She arrived in Paris this morning. Plans for her trip were kept secret and only a handful of people knew about it in advance.

Princess Anne will be 12 on Aug. 15.

Traffic Death Leader

SAN FRANCISCO (UPI)—California again led the nation in traffic deaths during the Fourth of July holiday, which began at 6 p.m. Tuesday and ended at midnight last night.

Twenty-two persons died on the state's highways, including three children who were killed when an automobile crashed into a crowd dispersing from a holiday parade in Modesto.

In addition, one person drowned in Southern California.

New York and Texas were second and third in the tragic traffic toll, with 14 and 10 fatalities, respectively. The California deaths were nearly divided, with 10 in the northern part of the state and 12 in the south.

Soblen Better

LONDON (AP) — A hospital spokesman today described the condition of Dr. Robert Soblen, 62, convicted Soviet spy, as satisfactory after a comfortable night.

He said it was still uncertain when Soblen could be put aboard a plane for the United States.

The former Orangeburg, N.Y., psychiatrist stabbed himself while on board an airliner last Sunday being returned to New York from Israel, where he had fled to escape a life sentence.

Invitation To Japan

TOKYO (AP) — The Kennedy administration has invited Japan to invest in building factories in the United States.

The invitation was announced by the Japanese foreign ministry and confirmed by a spokesman for the U.S. Embassy.

Wichita, Kan., Wilmington, N.C., Me., New Jersey and areas on the West Coast were mentioned as regions where industrialization might be expanded with Japanese funds.

Such a development would help correct a U.S. adverse balance of payments situation, sources said. Japanese exports to the United States last year totaled nearly 1.5 billion dollars.

Chiang Assured

TAIPEI, Formosa (UPI)—New U.S. Ambassador Alan K. Kirk presented his credentials to Generalissimo Chiang Kai-shek today with renewed assurances of American support for Nationalist China.

ANSWERS GOLDWATER ATTACK

Ike Defends New GOP Groups

WASHINGTON (AP)—Former President Dwight D. Eisenhower says two new-born Republican policy groups will help the party build an organization to do justice to its principles.

Eisenhower defended the All Republican Conference and the National Republicans Citizens Committee yesterday against the attack of Sen. Barry Goldwater (R-Ariz.) who had labeled them as forces of confusion and distrust.

In forming the two groups, Eisenhower said, Republicans made "the most progressive steps our party has taken in many years."

The All Republican Conference was formed last Saturday by Republicans meeting at Eisenhower's farm in Gettysburg, Pa. Organization of the citizens committee was announced in New York later the same day.

Eisenhower's defense of the two organizations came in a letter to Republican National Chairman William E. Miller. Miller is an active sponsor of the conference.

The GOP chairman, in advancing the idea for the group, said Republicans should form an organization of leading party members, in and out of office, to coordinate efforts to win control of the House and trim the Democratic majority in the Senate.

Eisenhower said "on matters of basic principle and ideals the Republican party is truly the nation's majority party.

"But unfortunately for America and the Republican party, while we Republicans have devoted our attention to principles and programs the opposition has focused its energies, working relentlessly and shrewdly on the arithmetic of winning elections through political organizations."

He said the new organizations "will fill an urgent need by greatly broadening the base of organizational participation—all of it aimed at winning elections."

The conference, Eisenhower said, "will bring together under one roof the truest possible group action of our national leaders."

He said the citizens committee "which will devote much attention to organizational activities in the big cities and metropolitan areas could well be the secret of Republican success in 1964 if indeed not in this year."

Eisenhower did not mention Goldwater by name, but his letter clearly was a reply to the senator's criticism—aimed directly at the conference, by implication at the citizens group and in part at the policies of the Eisenhower administration.

Both letters were dated Monday. Eisenhower's was released by Miller yesterday.

Goldwater said Miller and other party leaders should reject the conference plan. He said leaders of the group "contributed to the divisive tactics of the 1960 campaign when long-time and experienced Republican party leaders were shunted aside, ignored and embarrassed.

"In this list also will be found those who were responsible, in large part, for policies of the Eisenhower administration which ran counter to the traditional principles of the Republican party and the counsel of regular party leaders.

"In other words, these are the same people who caused most of our present party troubles," Goldwater said.

"It is unthinkable that they should be given another opportunity to lead us down the path to political destruction."

Goldwater mentioned no names, nor did he single out specific policies of the Eisenhower administration for his criticism.

Jacqueline, Caroline To Sojourn In Italy

WASHINGTON (UPI) — Mrs. Jacqueline Kennedy and her four-year-old daughter Caroline plan to vacation in Italy for several weeks during August.

Family friends said the first lady's sister, Princess Lee Radziwill of London already was looking for a secluded villa on the Italian Riviera for Mrs. Kennedy's summer sojourn abroad with her daughter.

WHERE CAR KILLED THREE CHILDREN

Coroner Morris Feldmann (right, center) views front of a car which killed three children in a Fourth of July parade yesterday at Modesto. The car crushed the children against the wall at right. The dead were William de Witt, 12, of Riverbank, and Sandy Marn, 3, and Cindy Marn, 4, of Modesto. Police said Manuel P. Mello, 68, drove his car out of a parking space and hit the de Witt boy. Mello then lost control, crossed the street, carrying the boy on the car's hood, hit a woman and then the Marn children. (AP Wirephoto)

Artists Announce Fair Honor Awards

Prize and honor awards from the Marin Society of Artists' 35th annual exhibition now on display at the Marin Art and Garden Fair at the Marin Art and Garden Center, Ross, have been announced by society president Carla M. Flood.

Awards include: San Francisco Theological Seminary fine arts award of $100, Janet S. Jones for "Hot Landscape No. 9," oil; Marin Society of Artists best-in-show prize of $50, Shirley Rousseau-Murphy for "Tidepool No. 3," iron sculpture; Marin Society of Artists honor award in oil painting, Henry N. Rasmussen for "Zen Garden," oil.

Other awards were: Marin Builders' Exchange Award of $50 for art in architecture, Ida Grae for a handweaving hanging for division of space; Marin Society of Artists honor award in sculpture, Harry Crotty for "Duo," bronze and steel sculpture; Stephen Dimitroff Civic Center purchase award of $75, Paul H. Anderson for a handweaving heavy drapery fabric; Creative Merchandisers award of $25 in Crafts, Karin Beckmann for "Landscape," rug.

Prizes also awarded were: Colony Framing merchandise order of $25 for best abstract water color, Justine Carey for Nucleus," watercolor; Colony Framing merchandise order of $25 for best graphic, Lucienne Bloc for "Scenic Highway," graphic.

Also awarded were: Torrance Gallery award of $75 for best representational water color, Helen Rousseau for "The River No. 2," casein; Ludins' Art Center merchandise assemblage award of $25, Florence Ludins-Katz for "Untitled," assemblage; Marin Society of Artists awards in ceramics: Ether L. Beasley, $35, for "Bottle and Stopper;" Thal Maitland, $25, for "Pot," volcanic glaze; Alton Baible, $75, for "Ribbed Jar."

The Marin Society of Artists' Popular Vote Award of $50 will be presented to the work in the exhibition receiving the highest number of fairgoers' votes cast at the exhibition in the Frances Young Gallery by 5 p.m. July 7.

The jury of selection and awards for the exhibition included: Dorr Bothwell, painter; John Humphrey, curator, San Francisco Museum of Art; Mary Lindeheim, potter; Henri Marie-Rose, sculptor; George Miyasaki, painter.

The exhibition will be open to fairgoers at the Frances Young Gallery through July 7, 10 a.m. to 10 p.m., and will remain open after the Fair to the public through July 29.

Transportation Strike Hit Rio De Janeiro

RIO DE JANEIRO (UPI) — A 24-hour general strike in support of President Joao Goulart paralyzed business and public transportation today in Rio de Janeiro.

Goulart has not given his approval to the strike, called by the National confederation of Industrial Workers which has more than four million members.

The strike was ordered yesterday after Goulart's second nominee for Premier, Dr. Auro Soares de Moura Andrade, resigned when Goulart declined to accept his choices for a cabinet.

The president's office in Brasilia said he has consulted with the supreme court on the constitutionality of the parliamentary form of government installed last September. Goulart is ready to continue until the October elections without a premier, if possible, his office said.

Brazil remained calm and military leaders continued their support for Goulart as he tried to work his way out of the latest political crisis.

Bids To Be Opened Aug. 8 On Road Job

Bids will be opened Aug. 8 in Sacramento by the state Division of Highways for grading and surfacing to realign portions of the Shoreline Highway between Stinson Beach and Bolinas Road.

A total of $100,000 in state highway funds is available for the project, to include installation of drainage facilities and rock-slope protection.

Canadian Doctors Stand Pat Against Medical Care Plan

REGINA, Sask. (AP) — The threat of violence was injected toady into the strike of Saskatchewan doctors against the government's compulsory medical care program.

Tempers grew short as more doctors reportedly were moving out of the province.

As the government program and doctors' strike moved into the fifth day, each side sought to marshal public support. Neither side showed any sign of backing down.

The doctors stuck to their demand that provincial Premier Woodrow Lloyd's Socialis government do away with the compulsory feature of the program.

The government refused to budge and claimed the medical care situation was apparently under control. Deputy Premier J. H. Brockelbank declared there "appears nothing in the nature of panic and alarm."

But in the western Saskatchewan town of Swift Current, police guards were posted at the homes of two doctors after an organization calling itself the "Swift Current Citizens Safety Committee" threatened the doctors and their families.

The threats, in letters to the town's weekly newspaper and a radio station, ordered the doctors to get down from their "chosen pedestal" and return to normal practice by tomorrow morning. Otherwise, the letters warned, the doctors would "suffer such harm to themselves, their families or their property as the organization may deem fit."

The letters said the threats were "no more ruthless than the situation the doctors have subjected the people to in a callous disregard for health and safety."

Ironically, the letter had the effect of taking the doctors out of service. Both had been on emergency duty at Saskatoon's St. Paul's Hospital, one of 34 centers set up to provide free treatment until normal medical services are resumed. After the threats, the doctors returned to Swift Current to move their families.

In Regina, Police Chief A. G. Cookson would neither confirm nor deny reports that police were closely guarding the legislative buildings for fear of violent demonstrations.

In Saskatoon, Hans Taal, vice-president of the provincial Keep Our Doctors Committee, said a mass demonstration is planned in front of the legislative buildings later this week to demand the repeal of the government program.

But Bert McKay of Moosomin, president of the committee, said that "in a measure, we have lost the battle" because doctors already were leaving the province to practice elsewhere.

Biggest A-Explosion Inside U.S. Planned

LAS VEGAS, Nev. (AP) — Beneath a scrubby desert flatland 65 miles northwest of Las Vegas the United States plans to touch off the mightiest atomic blast ever triggered in this country.

The Atomic Energy Commission said the underground explosion with a force of 100 kilotons will be set off Friday or later. It will be part of the Plowshare program designed to probe possible peaceful uses of nuclear energy.

An announcement yesterday said the explosive will be 650 feet below the surface of the Nevada Test Site. The blast is expected to send a cloud of dust visible for miles into the air, leaving a crater a third of a mile in diameter and 300 feet deep.

The current shot will be the second in the Plowshare series.

At Honolulu, it was announced that the U.S. is set for its third try at exploding a nuclear device high above Johnston Island tonight.

The U.S. Weather Bureau in Honolulu said skies should be clear and visibility good over the tiny Pacific island.

Two previous attempts at a high-altitude shot failed because of missile troubles.

Pinsetter Sets Up 9 Pins, One Raccoon

ROCHESTER, N.Y. (AP) — A wayward raccoon became the headpin at a bowling alley in nearby Dundee recently.

Manager Ed Olszyk said when he activated an automatic pinsetter, the frightened animal was dropped in the No. 1 pin position.

NOT SAFE ANY MORE — Officer Richard Camper and Mrs. F. D. Leach, church secretary, view the damaged safe in the office of St. Paul's Episcopal Church, San Rafael, after a burglar hacked his way through the three-inch steel and concrete top to get at an estimated $50 in petty cash. (Independent-Journal photo)

Burglar Hacks Into Church Safe, Makes Off With $50

A burglar last night hacked into the office safe at St. Paul's Episcopal Church, 1123 Court Street, San Rafael, taking about $50 in petty cash.

The burglar, apparently working by candlelight in the Rev. John D. Riley's office, cut through the top of the 200-pound safe with a pick and an ax, which he apparently obtained from a gardener's tool room downstairs.

Leaving the ax and taking the pick, the burglar then went downstairs and forced open a soft drink machine, from which he took an undetermined amount of change.

The burglary was discovered by Mrs. F. D. Leach, the rector's secretary, when she arrived at work at 7:50 a.m. today.

The safe, which normally stood in the outer office near Mrs. Leach's desk, had been moved into the rector's office, where the burglar apparently felt he would have more privacy. The fact that he worked by candlelight was evident from hardened puddles of paraffin on top of the safe.

The burglar had to hack his way through an outer layer of steel, a core of concrete and an inner lining of steel and wood to remove the safe's contents.

The top of the safe was about three inches thick.

Officer Richard Camper speculated that the burglar entered the building through an upstairs rear window. He broke a padlock on a key cabinet downstairs in order to unlock the room in which the tools were kept.

Apparently nothing was taken except cash. Checks in the safe were strewn on the floor; the sacristy cabinet was forced open, but nothing was removed. The burglar unlocked the director of educations office.

Choirmaster Barry Mineah, who went to the church yesterday, said everything was secure at 1:10 p.m.

Parachute Record Claimed By Woman

TRACY (AP) — Mrs. Susan Pol, 24, of Berkeley, a secretary at the Lawrence Radiation Laboratory, claimed a United States record for women in free fall parachute jumping today.

Mrs. Pol jumped from 22,500 feet yesterday and opened her chute at 2,200 feet. Her husband, Jim, jumped as an observer.

She said she wanted to try from 25,000 feet, but the twin-engine Beechcraft plane couldn't make it over 22,500.

Joe Tiago of Tracy, the area safety officer of the California Parachute Club, said there never has been an official record set for women.

Fire Breaks Out After Tree Felled

Fire broke out in the top of a tree yesterday afternoon in Mill Valley after a tree was felled by Bob Wheeler of 293 Eldridge Avenue and came to rest partially against some electric wires.

The action occurred at 3:15 p.m. Firemen stood by, Pacific Gas and Electric Co. crewmen were called and then, by further cutting, the tree was removed from the wires. There was no interruption of electric service.

Turkey work was the favorite furniture-covering material of Colonial America. It was made of wool threads knotted into canvas.

FATAL

trolmen, recalled only that the vehicle skidded and went over the bank.

The driver, Jaquish, is a heavy equipment operator for Carey Bros. Construction Co. of Greenbrae. He lives with his wife Dawn, two children, 11 and 14, and a stepson, Charles Bowen, 18.

Miss Bowen worked at MAC's Department Store, San Rafael. Funeral arrangements were pending at Chapel of the Hills in San Anselmo.

Enchanted Knolls Property Owners Suit Is Denied

The State District Court in San Francisco has denied four Enchanted Knolls property owners their suit against the city of Mill Valley.

City Atty. Leland H. Jordan said today the suit which charged the city with passing two discriminatory ordinances, was filed June 27 with the state Supreme Court and subsequently referred to the District Court. This court denied the suit without an opinion. Jordan said the petitioners have the right of appeal.

Petitioners are Eugene C. Harter and Warner R. Odenthal of Oakland, Sherrill Broudy of San Francisco and John A. Alexander of Huntington Park.

In their suit they contend the two ordinances were limited only to the lands of the petitioners, that the ordinances were illegal and unconstitutional and that they were designed to abort the developers' plans.

Famed Astronomer Succumbs At 96

VALLEJO (AP) — The funeral of Thomas J. J. See, retired Navy captain and famed astronomer and mathematician, will be held Saturday.

See, 96, died yesterday at Oak Knoll Naval Hospital at Oakland.

He discovered about 600 new stellar systems and measured some 1,400 double stars previously recognized by astronomers.

He advanced numerous theories, many of them controversial, to explain various natural phenomena. He sought to explain gravitation through a wave theory, attributed earthquakes to sea water leakage, and held radio waves travel faster at night than day.

STOCKS TODAY

NEW YORK (AP) — Savings-and-loans and gold mining issues were strong as the stock market closed higher today. Trading was moderate over-all.

It was the fifth straight, clear-cut market advance following the drop to 1962 lows.

The savings-and-loan holding companies were bolstered by apparent sidetracking of the tax bill which contains stiffer tax provisions for these institutions. Financial Federation was up about five, United Financial of California and Great Western Financial more than two apiece.

Volume for the day was estimated at 3.6 million shares compared with 3.92 million Tuesday.

Air Conditioning Tested On Cows For Output Gain

WILMINGTON, Ohio (AP) — Thirty cows on a farm near here are probably the luckiest in the nation. They're living in air conditioned luxury—all to test whether their milk and butterfat production can be kept high through the hot summer months.

For comparison purposes, the rest of the farm's cows — probably jealously—are living and being milked under normal conditions in another part of the barn.

Ten years of research at Ohio State University found that a dairy cow produces the most milk at temperatures from 30 to 75 degrees. When the mercury climbs above that "bossy" begins to produce less and less.

OBITUARIES

Bobette Midgley Succumbs

Mrs. Bobette G. Midgley, 38, 424 Woodland Avenue, San Rafael, died yesterday in a local hospital after a lingering illness.

A native of Montana, she came to California five years ago. She has worked as a school teacher for 15 years. Her most recent job was teaching the fourth and fifth grades in the Gallinas School at Santa Venetia.

She was a member of the California Teachers Assn., the Alpha Delta Kappa Fraternity and the Bowman's Assn. of Marin.

She leaves her husband, Wilfred A. Midgely, a printer of San Rafael; a son, Dennis A. Midgley of San Rafael; her mother, Mrs. Grace Bostwick of Coeur D'Alene, Idaho, two brothers, Lloyd Bostwick of Sacramento and Gregory Bostwick of Fairfield.

Services will be at 2:30 p.m. tomorrow at the Harry M. Williams Mortuary in San Rafael. Interment will be at Mount Tamalpais Cemetery.

BELLE HOLLARON

Miss Belle Hollaron, 87, a Marin County resident most of her life and last of a once large and well-known ranching family of the San Rafael vicinity, died yesterday at an Oakland rest home after a month's illness.

Funeral services will be held at 9 a.m. tomorrow at Our Lady's Home in Oakland. Burial will be in Mount Olivet Cemetery, San Rafael.

Miss Hollaron was born in Oakland July 13, 1875. Sister of the late Mrs. Thomas Redding of San Rafael, she lived at the Redding ranch which is now the Bret Harte area of San Rafael from early girlhood until about 10 years ago when the ranch was subdivided.

Only a few distant relatives survive.

FRANCES COSGROVE

Mrs. Frances Elizabeth Cosgrove, 82, of Greenbrae, died last night in a local convalescent home after a long illness.

She had lived for the past year with her daughter, Mrs. Vincent Twoomey, at 51 Via Navarro, Greenbrae. She was a former resident of Pasadena. She was a native of Utica, N.Y.

Mrs. Cosgrove was a member of the Catholic Daughters of America.

She leaves Mrs. Twoomey; a son, Edward S. Cosgrove of New York and four grandchildren.

Funeral services are pending at Keaton's Mortuary, San Rafael.

BIRTHS

VILLALOBOS—A daughter to the wife of A/1c Angelo Villalobos, Hamilton Air Force Base, June 27, at the base hospital.

DEATHS

SIMMONDS—In Corte Madera July 1, 1962, Jessie F. E. Simmonds, beloved wife of the late Henry Simmonds, loving mother of Leslie and William G. Simmonds; also survived by five grandchildren and eight great-grandchildren; a native of England, aged 93; a member of Calvary Baptist Church, Larkspur, and Senior Citizens of Larkspur and Corte Madera.

Friends are invited to attend the funeral Saturday, July 7, 1962, at 2 p.m. at Keaton's, Fifth Avenue and E Street, San Rafael. Interment in Riverside Park Cemetery, Spokane, Wash. (7/5-7/6)

MIDGLEY—In San Rafael, July 4, 1962. Bobette G. Midgley, beloved wife of Wilfred A. Midgley, loving mother of Dennis A. Midgley of San Rafael; loving daughter of Mrs. Grace Bostwick of Coeur D'Alene, Idaho; loving sister of Lloyd Bostwick of Sacramento and Gregory Bostwick of Fairfield. A native of Montana. Aged 38 years.

A member of the California Teachers Association, the Alpha Delta Kappa Fraternity and the Bowman's Association of Marin.

Friends are invited to attend the funeral Friday, July 6, 1962, at 2:30 p.m. at the Harry M. Williams Mortuary, San Rafael. Interment Mt. Tamalpais Cemetery, San Rafael. (7/5)

MOUNT TAMALPAIS CEMETERY Marin's Peaceful Place of final rest

Mount Tamalpais Cemetery is a true haven of beauty, a lovely site of green lawns and rolling hills guarded by handsome trees.

The beauty of this setting is guarded, too, by an ever-growing endowment fund which guarantees the care of this property in the years ahead.

Perhaps—like many Marin families—you will want to consider the advantages of making final arrangements at Mount Tamalpais now. This thoughtfulness can spare loved ones difficult decisions in time of sorrow. We invite your visit, or suggest that you write for our brochure which explains our facilities.

A MESSAGE TO OUR FRIENDS AND SAVERS

You have every reason to be proud of the record your Association has achieved during the past six months. There has been substantial growth in savings, with a corresponding increase in home financing.

Your savings have been returning higher interest than ever before. The annual rate (which is now compounded quarterly instead of semi-annually) has been increased from 4½% to 4¾%. And beginning last April 1, funds invested for a minimum of six months earn this new high rate to the exact date of withdrawal.

And you are earning this new high rate with the assurance that permanent reserves have increased, that accounts are insured up to $10,000.00 by the Federal Savings and Loan Insurance Corporation.

We look to the future with continued confidence in the growth of the community and the growth of Ross Valley Savings.

Earle M. Young

CUBAN REFUGEE QUEEN

Aurora Prieto receives the trophy from Miss Universe of 1961 after being chosen Miss Free Cuba. The 20-year-old brunette, who left Cuba two years ago, will compete at Miami Beach next week for the honor of succeeding Marlene Schmidt of West Germany as world beauty queen. (AP Wirephoto)

COLLEGE PRESIDENT NAMES NEW DEAN

Frank T. Jacobs, 52, for the past six years director of the technical and vocational center at Stockton Junior College, has joined College of Marin as assistant dean of adult and technical education, President Dr. Stephen E. Epler announced today.

The position, established by Marin trustees last spring, includes supervision of the apprenticeship programs conducted by the college in cooperation with industry and trade unions.

Jacobs has been a teacher and administrator in Kansas and California for 20 years. He also has served as an engineer with the Lockheed and Boeing aircraft companies.

He received a bachelor of science degree from Ottawa University in Kansas and a master of arts degree from the University of the Pacific at Stockton. He is completing work on a doctor of education degree at University of California at Berkeley.

Talk Set On High School For Kicks

Do most teen-agers attend high school "just for kicks?" and what do the schools do about such attitudes?

Robert H. Prather, Tamalpais High School principal, will speak on student attitudes toward their schooling at a regular meeting of the Mill Valley American Legion Post at 8 p.m. Monday in the Legion hall.

Battery Short Starts Fire In Gas Station

A wrench accidentally laid across the terminals of a car battery by a mechanic Wednesday sparked a chain reaction fire at a service station at 7455 Redwood Highway, Novato firemen reported.

Sparks from the shorted battery set fire to some rags. The mechanic threw the rags on the floor, which set off a bucket of solvent. The fire damaged the left front tire and fender of the car, which was on the lubrication rack, but the blaze was put out by station personnel before Novato firemen arrived.

Danish Day Figure Kin Of Marinite

Henry Henius, 78, of San Mateo, who died yesterday during the height of the Danish-American Independence Day celebration in Denmark, was the father of Mrs. Sonia Bowen of Mill Valley.

Henius, whose father founded the friendship celebration in Denmark's Rebild National Park 50 years ago, was on the speaker's platform with Denmark's King Frederick IX and former Vice-President Richard Nixon when he collapsed.

There were 26,000 Danes and Americans, many from the Bay Area, in the audience, when Henius was stricken with a heart attack. Minutes later he was dead.

He is also survived by his widow, Lillian, of San Mateo.

Serves Him Right

BISBEE, Ariz. (AP)—A thief who took 120 shoes from a salesman's car in Bisbee wasted his time. The salesman told police all the shoes were for the right foot.

Gun Walk Officer Leaves Hospital

Charles Lynn Deatrick, 27, the gun walk officer who was slugged during the attempted escape of six San Quentin Death Row inmates Monday, was discharged from Marin General Hospital this morning.

Deatrick and Sgt. Roy B. Kardell, 47, were overpowered by the convicts, five of whom sawed through cell bars and then smashed a lock on the cell door of a sixth man. Deatrick suffered severe concussion. Kardell, also slugged, was able to return to work Monday.

Associate Warden Dale B. Frady said today that prison officials are still conducting tests of the methods used in break attempt, with a view to taking security precautions against repetition of it.

Frady said officials are completing experiments with pulling hacksaw blades up to the top floor from the first floor by way of plumbing drains.

"We're convinced it can be done," Frady said.

He said also that tests are being made with various types and lengths of saw blades to find out how long it might have taken the convicts to saw through the bars.

Mill Valley Girl Wins Fellowship

Suzanne L. Hanchett, 1958 Tamalpais High School graduate, has received a Woodrow Wilson Fellowship for 1962-63, Principal Robert H. Prather learned today.

Miss Hanchett, daughter of Edward Hanchett of Shoreline Highway, Mill Valley, is a graduate in anthropology of Reed College at Portland, Ore.

Fellowships are awarded annually to 1,000 first-year graduate students interested in college teaching.

Like Gladiator Shield

LOUISVILLE, Ky. (AP)—Add the garbage can to the list of dangerous weapons.

Clint Smith paid a $25 fine for using one on his father-in-law.

Car Burns At Waldo Tunnel

A foreign sports car was hit by another car, and erupted into flames at 10 p.m. yesterday, 500 feet south of the Waldo Tunnel but the driver escaped serious injury.

Richard E. Smith, 25, of Bakersfield was treated at the Marin General Hospital for a sprained neck. He was released early today.

Smith's car was a total loss after the impact of a rear-end collision ruptured the fuel tank and set the machine on fire. Damage was set at $1,500.

Dalton O. Turner, 35, of San Francisco, the other driver, was cited by the California Highway Patrol for drunk driving.

Both cars were in the southbound lane. The CHP said Smith must have been stopped or going slowly when struck by Turner.

Lapse Of Memory Tied To Sailor's Car Crash

A lapse of memory by a Hunter's Point sailor was reported to have been the reason for the sailor's car going over the bank Tuesday night at Highway 101 and Rodeo Avenue in Sausalito.

Police Officer Ted Zink said today that William M. Aden III, 20, a sailor aboard the Koiner at Hunters Point, claims he went for a ride while on liberty from his ship Tuesday. He remembers that his car "went over." Then he crawled up the side of a hill, got a taxi and went to his aunt's home in San Francisco.

The car, police reported yesterday, plummeted 75 feet down the hill and was a total wreck. Aden, who was bruised, dazed and who had received a couple of scratches, got liberty yesterday, police said, to look for his car.

He said he searched for it with his parents in the area of the San Francisco Presidio where he thought the "lapse of memory" had occurred.

Four Injured In Headon Collision

Four persons suffered minor injuries last night in a headon collision on Sir Francis Drake Boulevard, one-half mile east of Samuel Taylor Park in Lagunitas, according to the California Highway Patrol.

Officers said one of the drivers, Ella Herbert, 65, of 56 Essex Avenue, San Anselmo, failed to slow her westbound car on a sharp turn. She crossed the center line and hit an oncoming car driven by Eugenie Gunn, 39, of 500 Via Hidalgo, San Rafael.

Both drivers had minor injuries, as did Marge Maranello, 47, of 56 Essex Avenue, San Anselmo, and Christine Neher, 14, of 500 Via Hidalgo, San Rafael. All were treated at Marin General Hospital and released.

Vandals Slash Top, Dump Garbage In Car

Donald S. Wood reported to Sausalito police at 12:47 a.m. today that he returned from a Fourth of July holiday to find the top of his De Soto convertible slashed and four large cans of garbage dumped in his car.

His car was parked in his driveway at 519 Caledonia Street.

TRADITIONAL FOURTH

The Washington Monument was illuminated by fireworks display last night in the traditional Independence Day celebration in the nation's capital. The White House is in the foreground. (AP Wirephoto)

New A-Weapons Safeguard Told

WASHINGTON (AP) — The United States has informed its European allies of the successful development of a new, secret electronic lock which will be used to reinforce safeguards against the accidental or unauthorized firing of nuclear weapons.

President John F. Kennedy is expected to ask Congress soon for an appropriation of funds to complete work on the device, start manufacture and begin installation in nuclear weapons.

The Allies were told through the North Atlantic Treaty Organization, it was learned, that the new electronic lock will broaden the margin of safety in nuclear weapons control systems and strengthen the exercise of direct control over weapons by top commanders. U.S. officials said the development of increasingly secure control systems becomes more important as the number of weapons increases.

The locking device is already perfected for the larger nuclear weapons such as those warheads deployed in the European NATO area for use on medium range ballistic missiles. According to present plans the first operational use of the device will be in the forward missile deployment area.

Merchants ships were forbidden to call at the island of St. Helena while Napoleon Bonaparte was exiled there from 1815 to 1821.

$50,000 In Harvard Gems Stolen

CAMBRIDGE, Mass (UPI) — Professional burglars cracked a safe at Harvard University's mineralogical museum and stole $50,000 worth of gems including an 84 carat diamond, police disclosed today.

Authorities said about 50 gems were taken and the thieves apparently had some knowledge of precious stones.

A Harvard University spokesman said, however, the theft was "somewhat puzzling" since the stones are primarily useful only for scientific research and teaching.

"Their value is chiefly scientific because of their unusual crystalline structure, their peculiar color and in some instances where they were found," the spokesman said.

Police said a "professional" broke the steel and concrete safe from which selected gems including diamonds, opals, rubies, sapphires, and beryls were taken. The thieves also took selected gems from five display cases in the museum.

Harvard officials denied reports the gems were valued at half a million dollars.

"The most valuable stone taken was an 84 carat diamond, an uncut stone of fairly perfect shape, yellow in color," a spokesman said. "This stone would not be of much value to a gemsmith but it is scientifically irreplacable."

Notary Commissioned

SACRAMENTO (CNS)— Secretary of State Frank M. Jordan today announced issuance of a notary public commission to Deane R. McLean, 250 Bon Air Road, San Rafael.

Under Their Noses

SALEM, Ill. (AP)—Police were rather embarrassed when Robert Field reported his car was stolen. The car had been left parked in front of the large, plate-glass window of police headquarters.

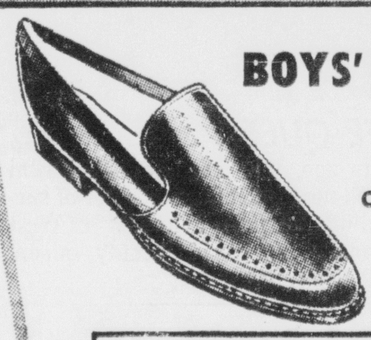

BIGGEST SHOE VALUES IN THE HISTORY OF OUR STORE DURING BARNEY'S

Gigantic Wall-To-Wall REMOVAL SALE

THOUSANDS OF PAIRS OF SHOES AT UNHEARD OF SAVINGS

ROCKETS FLARE—Skies above Corte Madera last night flashed and glowed as thousands turned out to see an old fashioned display of fireworks. Fire Chief Frank Nelson appears to be taking all the excitement in stride. (Independent-Journal photo by Harry Mathias)

Marin Crowds Celebrate Traditional 4th Of July

Large, but generally orderly, crowds of Marinites celebrated a traditional Fourth of July yesterday at beaches, parks, playgrounds and fireworks displays.

It was a warm day, with temperatures above 90 degrees in San Rafael, San Anselmo and Novato. Fog drifted along the coast, but the sun shone most of the day on thousand of persons who flocked to state parks at Stinson Beach, Tomales Bay, Samuel P. Taylor park, Mount Tamalpais and Muir Woods.

The California Highway Patrol called in off-duty officers to help handle extra heavy traffic on Highway 101 and Shoreline Highway.

Picknickers at Samuel P. Taylor State Park were turned away as early as 9:30 a.m., and an estimated 4,000 cars entered the park. There were an estimated 11,550 persons at Stinson Beach compared to 10,848 last Fourth of July.

At Muir Woods National Monument, 4,171 visitors passed through the gates, about 15 fewer than last year.

Park officials said everybody was "orderly" and except for a few children with firecrackers there were no problems.

Coast Guard spokesmen said it was "a pretty mild" Fourth of July. Although hundreds of small boats were out on the bay, only about seven boats had to be towed in because of engine trouble.

Unauthorized firecrackers were popping in various part of the county, but no mishaps were reported. Sheriff's deputies were called to check on illegal fireworks in Kent Woodlands, San Geronimo, Lucas Valley and Santa Venetia.

Legal fireworks attracted the attention of an estimated 14,000 people at the 10th annual fireworks display at the Neil Cummins School grounds last night in Corte Madera. Traffic on Corte Madera streets was tied up for about an hour, officers said, as persons attempted to park and watch colorful rockets and Roman candles, which could also be seen from Highway 101.

The Bolinas Beach fireworks display Tuesday evening was seen by several hundred persons ,and children were entertained by a parade, bicycle races and games yesterday morning in Bolinas.

U.S. Jobless Shoot Up To Record High

WASHINGTON (UPI)—Unemployment climbed by 744,000 to 4,463,000 in June as school age youngsters began seeking summer work, the Labor Department reported today. The number of jobs shot up to a record high of 69,539,000.

The department reported a slight rise in the seasonally adjusted rate of unemployment from 5.4 to 5.5 per cent of the labor force.

Labor Secretary Arthur J. Goldberg said the figures show the "seasonal influence" of the end of school for about two million teen-agers who entered the labor market.

Employment climbed by 1,336,000 to its new all-time peak. This was about one million higher than the previous record set a year ago in June.

The department said that the number of persons out of work 15 weeks or more dropped by 241,000 to 1,033,000.

Woman, Son Hurt In Auto Accident

A San Francisco woman and her son suffered minor injuries last night when the car in which they were riding struck a parked car at 175 Buttefield Road, San Anselmo.

The driver of the car, John Phelan, 47, was unhurt. Treated and released at Marin General Hospital were his wife, Alon K. Phelan, 38, who had a cut forehead, and Robert Phelan, 12, with forehead contusions.

Dynamite Is Back In Lap Of Novato

The dynamite explosion that shook Maestro Road area in Novato last Wednesday, has rumbled down to the county supervisors chambers and back to the Novato City Hall.

J. Julien Baget, city administrator, said today that he would report to the council next Tuesday night at its regular meeting, on the city's handling of dynamiting.

The explosion of 54 sticks of dynamite in a septic tank hole at the home of Mr. and Mrs. George Borgman at 8 Maestro Road, last Wednesday afternoon, shook the Maestro Road and Wilson Avenue area just outside the city of Novato. The resulting rock shower is still making itself felt in official circles.

One effect of that explosion was to get the county supervisors Tuesday to vote to have the county counsel check into a dynamiting ordinance.

Baget said that the city is operating under provisions in the California state health and safety code. In its two and a half year history, the city has issued only two permits for blasting, Baget said. These have been cleared through the police department. The Novato Fire District must also approve the permit, Baget said.

Wood Supply Gaining

COLUMBUS, Ohio (AP)—Comforting note: The American Forest Products Industries Inc. reports that the United States is growing more wood yearly than is being harvested or lost to fire and diseases.

Ike Administration Is Blamed For Government 'Cotton Deal' Losses

WASHNIGTON (AP) — Secretary of Agriculture Orville L. Freeman told Senate probers today he will try to recover for the government losses on challenged cotton deals for which he blamed the Eisenhower administration.

Involved, he said, is a comptroller general report dated June 29 that brokers acting as agents for his department's Commodity Credit Corp. in 1959 and 1960 sold to themselves 400 million dollars worth of government cotton at prices averaging $4 less, and ranging up to $20 a bale less than published market prices.

The report said the practice was stopped in April 1961. It did not name brokers involved, but recommended that the department try to recover any deficiencies in sales proceeds.

Testifying before the Senate Investigations subcommittee in the Billie Sol Estes hearings, Freeman said Horace D. Godfrey, now one of his top aides, had registered several protests against the policy all to no avail, while Republican Ezra Taft Benson was secretary.

The subcommittee let Freeman read his statement into evidence, although members questioned whether it was pertinent at this time to their probe of the Estes case.

The subcommittee is seeking to determine whether political influence helped Texas financier Estes in profitable manipulations under cotton and grain storage farm aid programs. Estes' operations are not involved in the report to which Freeman referred.

Chairman John L. McClellan (D-Ark.), told his colleagues that Freeman, having already testified he will accept responsibility for anything which happened under his administration, had a right to make the statement.

Boundary Commission

Boundary limits for proposed Terra Linda-Marinwood incorporation will be discussed at a meeting of the Marin County Boundary Commission at 10 a.m. tomorrow in the county supervisor chambers, according to announcement today by County Clerk George Gnoss.

Negroes Urged To Stage All-Out Drive For Voter Registration

ATLANTA, Ga. (AP)—Negroes were urged at an Independence Day rally at a college campus to stage an all-out voter registration drive.

Segregationists met in a cow pasture and Klansmen gathered in an old ball park.

The three events occurred on the third day of the annual convention of the National Assn. for the Advancement of Colored People in the Georgia capital. No incidents were reported.

Dr. James M. Nabrit Jr., president of Howard University, Washington, D.C., told an estimated 2,000 persons attending a rally on the Morehouse College campus that "I want my rights today—now—all of them."

He said Negroes needed Cabinet status, membership on the Supreme Court, in fact membership in everything.

Shortly before Nabrit spoke, an intensified program for civil rights in big non-Southern cities was approved by about 200 state conference and branch presidents.

The Defensive Legion of Registered Americans and the Georgia Realm of the United Klans of America, Inc., also staged rallies.

CANTOR JULIUS BLACKMAN
Guest liturgical leader

Jewish Center Due Guest Cantor Tomorrow

Julius Blackman, cantor of Congregation Ner Tamid, San Francisco, will be guest liturgical leader of services at at Kol Shofer in Marin County tomorrow.

The services begin at 8:15 p.m. in the Jewish Community Center at Mission and Forbes avenues, San Rafael.

Cantor Blackman, assisted by Selby Morse, will serve as reader. In lieu of a sermon, the congregation will be invited to participate in a discussion of topics of interest in religious life today.

The discussion is being done as a trial to encourage better understanding of important and current topics.

Women of the Kol Shofar will be hosts for an Oneg Shabbat after the services.

MARIN-SONOMA

Flower, Horse Shows Are Slated For Fair

A junior horse show and a flower show featuring "Gardens of the World" are among the main events planned at the Marin-Sonoma Fair in Petaluma July 12-15.

The horseshow will be held July 14 at 1 p.m. and will include pig and calf scrambles, a milking contest, two-man relay, pole bending and a barrel race. Entries for the show will be accepted until Tuesday.

Flowers, from peturnias to rare orchids, will be displayed at the flower show. Clubs participating in the "Gardens of the World" exhibit include the Marin Fuchsia Society, Marinwood Garden Club, Marin Bonsai and the Marin Orchid Society.

Drug Standards Protected By Bill

California's pharmaceutical standards would be protected by the proposed Mansfield-Metcalf U.S. Senate Bill No. 2659, State Atty. Gen. Stanley Mosk said today in urging Congress to adopt the measure.

Mosk endorsed the action of the California Board of Pharmacy, which has unanimously agreed to support every move to have the measure passed.

The federal act would carry penalties up to $1,000 fine or a year in prison.

Named To Dean's List

Kenneth Dillehay, son of Horace B. Dillehay of 145 Oleander Drive, San Rafael, has been named to the Dean's list for academic excellence in work at Pepperdine College, Los Angeles.

SEVEN DIE IN HEADON COLLISION

Police and ambulance men work to remove bodies from tangled wreckage after demolishing headon crash near Eveleth, Minn., yesterday. All five occupants of the compact (background) were killed. Two of the four occupants of the other car (left) were killed. (AP Wirephoto)

Educators Told To Fight Back Right

DENVER (AP) — When schools and teachers come under attack from right-wing extremists, educators should fight back, delegates to the annual convention of the National Education Assn. were told today.

A panel of speakers told a special session on "Thunder on the Right and Education" that education has much to lose by remaining silent in the face of attack.

Joseph Stocker of the Arizona Education Assn. said in a prepared address:

"At the first sign of weakness, submissiveness or appeasement, the 'ultras' only bore in more vigorously. A weak defense implies guilt, or is so interpreted by the extremists, and it even enables them to win over to their side some of the neutral elements of the community."

Dr. C. O. Watkins of Sidney, Mont., said former Communists had been active in organizing the extreme right-wing of his community.

"The only counter method to use in dealing with revolutionary strategy and tactics is that of exposure of their methods," he said.

Coffee, sisal, diamonds, and minerals are among the chief exports of Angola.

KEY ISSUE AT GENEVA

Harriman Talks With Laos Premier On SEATO Pullout

GENEVA (UPI) — U.S. Assistant Secretary of State W. Averell Harriman conferred privately today with Laotian Neutralist Premier Prince Souvanna Phouma on a withdrawal of SEATO's protective umbrella from Laos.

The new Laotian government wants the protection of the Seato alliance to be withdrawn once the kingdom's neutrality is proclaimed by the 14 nation conference here.

The SEATO question is one of the key issues which so far have not been agreed upon by conference members.

The Communists are backing Laos' demand, and the Western powers at the conference are authoritatively reported prepared to drop the protective pledge which SEATO has extended to Laos in the past.

A formula is being sought that will be acceptable to all. The Western powers do not want formally to amend the SEATO treaty, but prefer an arrangement at the Geneva conference. The Communists are insisting on a clear-cut declaration.

Only four of the SEATO powers are attending the Geneva talks—Britain, France, Thailand and the United States.

Souvanna began behind-the-scenes efforts for completion of the Laos settlement immediately after his arrival yesterday. He met with Soviet Deputy Foreign Minister Georgi Pushkin, and then with Britain's Malcolm MacDonald, the co-chairmen of the conference.

Another problem under review is the effective merger of the three rival armies in Laos —Royalist, Neutralist and pro-Communist.

MacDonald and Pushkin scheduled another private meeting between themselves later today to try to align conflicting views on the few still outstanding conference problems in the light of their separate talks with Souvanna.

Some easing emerged today on another controversial issue when Russia indicated it will not make immediate withdrawal of all American forces from Thailand a condition for completing a Laos settlement now.

At the same time, however, the Communists at the 14-nation conference were expected to insist on a United States undertaking in principle to remove its troops from the Southeast Asian kingdom which borders on Laos.

Red China threw the conference into a temporary flurry by demanding the withdrawal of all U.S. forces from Thailand. President John F. Kennedy already has ordered 1,000 Marines — about a fourth of the total—withdrawn.

The tough Peiping stand seemed to contrast with an apparently softer Soviet line. The expectations were that the Chinese and their chief supporters, the Communist North Vietnamese, would back down.

Hub City Police In Search For Car Theft Suspect

San Anselmo police spent a fruitless two hours this morning searching for a suspected car thief in the hills between Elm and Humboldt avenues.

Officer Robert White found the youth sleeping in a parked car on Elm Avenue at about 4:05 a.m. White awakened him for routine questioning, whereupon the suspect bolted and ran.

The car, it was discovered, had been stolen two days earlier in San Mateo. It was impounded, and White and Sgt. George Alberigi hunted unsuccessfully for the fugitive.

Police said the youth was about 17 to 19, blond, and clad in gray slacks and sweater and a gray plaid coat.

Sir Winston Pulse Change Is Reported

LONDON (UPI)—Doctors said today there has been some irregularity in Sir Winston Churchill's pulse, but that he is "comfortable and has had a good night."

The afternoon bulletin issued by Churchill's three doctors said although his pulse has been irregular, there was no undue cause for concern.

Officials at Middlesex Hospital, where Churchill is being treated for a broken left thigh bone, announced that the former prime minister slept "soundly until well after 8 a.m." and was continuing exercises to strengthen his injured leg.

Commenting on this afternoon's bulletin, a spokesman of the British Medical Assn. said:

"Such irregularities of pulse are very common among old people and particularly after they have had an operation.

"Without knowing more about the precise nature of the irregularities, it is impossible to say whether it is just that or whether it is something which could develop."

Netherlands New Guinea, which is 160,000 square miles in area, has saw-toothed mountains which divide a nearly trackless land of steaming palm jungles and forested highlands.

President Will Appoint Kohler New U.S. Ambassador To Russia

WASHINGTON (UPI) — President John F. Kennedy announced today he will appoint Foy D. Kohler, assistant secretary of state for European affairs and a veteran diplomat, as the new U. S. ambassador to Russia.

Kohler, 54, will succeed Llewellyn E. Thompson, who has represented this country in Moscow for the last five years. Thompson will return to Washington for a new assignment upon Kohler's confirmation by the Senate.

Kennedy also nominated Henry L. Giordano as commissioner of narcotics, succeeding Harry J. Anslinger who has held the post for many years.

Kennedy said he accepted Anslinger's resignation "with regret." He praised the departing narcotics chief for his "many years of dedicated and loyal service to our government."

White House officials discounted reports that Anslinger, who reached 70 on May 20, was giving up the post against his wishes. Anslinger, in his letter of resignation, said Kennedy "generously" had asked him to stay on.

Kohler, a native of Oakwood, Ohio, has been in the Foreign Service since 1931 when he was graduated from Ohio State University. From 1947 to 1949, he was consular of the U. S. Embassy in Moscow. Like Thompson, he speaks Russian. He has been in his present job since December, 1959.

Kohler's first foreign assignment was in 1932 as vice consul in Windsor, Canada. He then served in Bucharest, Belgrade, Athens and Cairo before returning in 1946 to attend Cornell University and the National War College.

Kohler was consular of embassy in Ankara, Turkey, from 1953 to 1956, and became deputy assistant secretary of state for European affairs in February, 1958.

Things Too Good Endanger Flyers

ATLANTIC CITY, N.J. (AP)—Flying an ideal aircraft in ideal weather isn't always the safest way for a pilot to travel, a government psychologist says.

Things may be so good that the pilot isn't prepared for the unexpected, Dr. Richard Trumbull of the Office of Naval Research told a medical convention here.

"The weather, flight plan and aircraft design can be so good, so simple and undemanding of attention that misleading anticipatory behavior will result," he said.

Doctor Trumbull suggested the devising of "deliberate ways for degrading 'too perfect' a situation in order to keep man alert and alive."

Teen Club Dance

The Showmen, a four piece band, will play for the Strawberry Teen Club Dance to be held at 8 p.m. today at Strawberry Point School. Butch Engle, singer, will lead the band, according to club president Bill Gowen.

MARIN FIRE CALLS

YESTERDAY:

11:42 a.m., Santa Venetia—Small grass fire caused by children playing with matches near Chine Camp. No damage.

1:20 p.m., Inverness Park—Clothes basket fire in residence of Mr. and Mrs. D. Luccagsi on Vallejo Street; $50, damage. Cause is unknown.

1:42 p.m., San Rafael — Small grass fire, possibly caused by cigarette, on grounds of E. J. Conye, 360 Summit Avenue. No other damage.

2:04 p.m., San Rafael — Open bin on manure mix at Herman's Landscaping on Merrydale Road; caused by children playing with fireworks. No damage.

3:05 p.m., Novato—Trash near an incinerator at the Paul R. Henderlau home at 899 Eucalyptus Avenue, started a grass fire which burned one quarter of an acre.

3:15 p.m., Mill Valley—Tree being felled by Bob Wheeler of 293 Eldridge Avenue, fell on wiring starting fire in tree at West Blithedale Avenue and King Streets; wires damaged.

4:56 p.m., Tamalpais—Grass fire, cause undetermined at 424 Shoreline Highway, no damage.

5:20 p.m., Alto—Grass fire, cause undetermined at 37 Central Drive; no damage.

6:51 p.m., Novato—A cigarette was blamed for a spot grass fire in the divider strip of Highway 101 one-half mile south of Hamilton Air Force Base.

7:32 p.m., Sausalito—Grass fire; cause undetermined; near radio tower on Alto Avenue, Wolf Back Ridge; no damage. Marin County Fire Department assisted.

9 p.m., Belvedere—Brush fire, believed to be caused by adults playing with firecrackers; burned 20 by 50-foot area on Stewart B. Hopps property, 2 Cliff Road; no damage.

9:33 p.m., Fairfax—Brush pile near Little League ball park on Bank Street believed set on fire; no damage.

9:55 p.m., Terra Linda — One-half acre brush and grass fire at Sir Francis Drake Boulevard and Olema Drive possibly caused by cigarette; no damage.

10:05 p.m., Waldo Tunnel—Car belonging to Richard E. Smith of Bakersfield completely destroyed by fire after rear end collision ruptured gas tank.

10:15 p.m., Corte Madera—Engine of car afire at Lakeside and Tamalpais Drives; damage nominal.

11:18 p.m., Mill Valley — More than $55,000 damage from two-home blaze; cause undetermined. Homes on Marinwood Avenue owned by Mimi Heidleman and Frank Dennison of Mill Valley.

Two Added To Tam Tax Campaign

Dr. Ellen Binckley of Mill Valley and Leo Souza of Tiburon have been added to the steering committee for the 1963 Tamalpais Union High School District tax campaign.

Dr. Binckley has long been active in school affairs, including tax and bond campaigns, in the Tamalpais and Mill Valley school districts. Souza is a member of the Reed Union School District board.

Voters of the Tamalpais District will be asked next April to retain the present $1.90 operating tax rate due to expire in 1964. Besides the operating tax, the district levies a total of 42 cents override taxes for retirement, bond payments and community services.

Heading the campaign is Mayor Edward W. Colthurst of Corte Madera, who was general chairman for the Tam District's successful three-million-dollar bond campaign in 1961.

Tiburon Incorporation Called Logical Choice Now

Tiburon incorporation finally must come as logical replacement of "little districts each with its own taxing power and no control, working in a vacuum," Fred C. Hannahs of the Tiburon Peninsula Coordinating Council said this morning on a radio KTIM Sounding Board panel.

But James Murray, president of the Tiburon Chamber of Commerce, though saying that he personally had favored the latest effort toward incorporation was much impressed by the potential value of still another district — "a small craft and harbor district under 1961 legislation" to serve the needs of a waterfront community. (The program will be repeated via tape recording at 12:30 p.m. Sunday.)

"That would be a first step in community cooperation," declared Murray who called for a greater spirit of unanimity and said past failure has been due to "lack of political savvy."

But Hannas said "I object to the approach of setting up a new taxing district every time a problem arises," and he was joined by John Eichorn, chairman of the Tiburon incorporation committee, in his view that all problems could best be faced by creating a new city.

"We are fighting against such things as desire of large land owners for high rise apartments and greater densities, and the possibility of a new bridge from San Francisco cutting our peninsula in half," said Eichorn. "Incorporation is the one way to control these problems."

"Untimely, premature and ill advised" were epithets hurled against the incorporation effort by Francis Newton of Belvedere, a former Tiburon businessman. Newton said his opposition wasn't against incorporation as such but rather against the current effort partly because of a "Strawberry problem" looming but due for early solution.

The death of Samuel Neider left great uncertainty as to the economic future of the Strawberry area, said Newton.

"Much depends on how the Neider properties are sold off, whether to small buyers or for development by one large company," Newton declared. When this is known perhaps by the first of next year, he said, a new study can be made "but until at least half the owners of large parcels feel in favor, the incorporation attempt is premature for at present there is no common thinking."

Murray quipped that "a few Irish ward heelers interested in making friends could bring harmony, not discord."

This caused Eichorn to protest that he didn't feel the incorporation effort had made enemies.

"But you make progress," he continued, "only by making yourself disliked by certain groups. You're unavoidably at odds with those who feel that financial harm will be done themselves.

A "completely inadequate police force" comprising deputy sheriffs from a Marin City base could be transformed into an effective five-man police force operated by a new city, Eichorn said. An alternative would be amalgamation of the Belvedere police force with that of Tiburon.

When Newton protested that there has been insufficient discussion of possible combining with the Belvedere force, Hannahs said: "Despite the lack of Irish politicians, I must point out that as things are now nobody can speak for Tiburon.

Murray's idea that a small craft and harbor district could acquire Northwestern Pacific Railroad's property on the Tiburon waterfront through condemnation came under fire by Eichorn, who said, "I don't think condemnation is the correct way to obtain it."

"Moreover," Eichorn went on, "I think the Northwestern Pacific property, choice a site as it is, should possibly be looked at as a light industrial or commercial zone eventually. The way of obtaining it is a problem. If we buy it we raise our taxes."

The Tiburon Master Plan is now out of date, said Newton who said new concepts should be taken into consideration in revision of the plan and perhaps coming to better terms with large landowners.

3 Generations —Same Birthday

LEAKSVILLE, N.C. (AP) — Three generations of Colemans were born on the same date—Feb. 13.

E. A. Coleman was born Feb. 13, 1898.

His son, J. W. Coleman, was born Feb. 13, 1927.

And J. W. Coleman's son, Jimmy Lee, was born Feb. 13, 1955.

TOAST ON THE FOURTH — Soviet Premier Nikita Khrushchev drinks a toast to America's Independence Day at a Fourth of July reception in the American Embassy in Moscow. (AP Wirephoto via radio from Moscow)

Political Union Of Europe Is Asked

PARIS (UPI)—President Charles de Gaulle and West German Chancellor Konrad Adenauer called jointly today for a political union of Europe.

In a joint communique winding up three days of talks here, the two leaders said it is desirable in agreement with their Common Market partners "to conclude as soon as possible the discussions on creation of a political union which would consolidate the work already accomplished in the economic sphere."

De Gaulle and Adenauer jointly voiced the hope that the current Brussels negotiations on Britain's entry into the Common Market will succeed soon "with a view to reinforcing the building of Europe."

The communique said the two men reached "full agreement" on the question of Berlin and Germany.

"Only the reunification of Germany in a situation of general peace and on the basis of respect for the right of peoples to settle their own destiny will make it possible to solve in a truly satisfactory manner the problems of Germany and Berlin," the communique said.

The communique also called for close cooperation with the United States and Great Britain and other members of the Western Alliance "in order to permit the preservation of the liberty and the independence of Berlin."

The communique expressed the conviction that the reconciliation between France and Germany "will contribute to the welfare of peoples and promote the development of links between European states and, thereby, strengthen the Atlantic alliance as a whole."

De Gaulle and Adenauer wound up their talks this morning.

They first conferred privately in de Gaulle's office. Later they moved into the cabinet room of the Elysee Palace, where they were joined by French Premier George Pompidou, the French and West German foreign ministers and other officials.

Burl Ives Talks About Singing

NASHVILLE, Tenn. (AP) — When troubadour Burl Ives arrived in Nashville recently for recording sessions he didn't know what he would sing.

But the bearded giant whose guitar strummed ballads have become part of American folklore considered it no problem.

"I listen and I listen and I listen until something sends me, something that will do the job," he explains.

How can folk music become a best selling record? Ives believes appeal is first because it is poetic. "Secondly, it quite usually has to do with the human things, and the things humans like to do."

Old Indian Rule All Might Enjoy

WINDOW ROCK, Ariz. (AP)—Some Navajos still abide by an old tribal law that the white man might enjoy.

The law forbids Navajo braves from seeing or speaking to their mothers-in-law.

Firemen Wait For Blaze To Arrive

BENSON, Ariz. (AP) — Firemen in this southern Arizona town drove their trucks to the railroad station, then calmly waited for the fire to come to them.

Pretty soon, it did. A westbound freight train had reported a fire in one of its box cars. The Benson firemen extinguished the fire.

Khrushchev Again Accuses West Of Arms-Race Attempt

MOSCOW (UPI)—Premier Nikita S. Khrushchev accused the Western powers today of "stepping up the arms race, preparing their armed forces for war against us, and building up huge stocks of weapons, including nuclear weapons."

Khrushchev, addressing graduates of military academies at a reception in the Kremlin, said "we must strengthen in every way the might of our armed forces" to prevent war.

The speech was reported by the Soviet news agency Tass.

"The stronger the socialist camp, and the greater the defensive might of our country, the smaller will be the danger of an attack and the possibility of a devastating thermonuclear war," he said.

Khrushchev insisted the Communist Party and the Soviet people are "vitally interested in a stable peace."

"This is what determines the foreign policy of the Soviet government," Khrushchev said. "We are firmly upholding the . . . principle of the peaceful co-existence of socialist and capitalist countries."

Discussing the disarmament talks in Geneva, the Soviet leader said: "The course of these talks shows that the Western powers do not want disarmament. . ."

"Aggressive designs against other peoples are alien to socialist countries," he said. "We do not interfere in the affairs of other states. It is up to the peoples of each country to choose their own social system."

Khrushchev said yesterday he believes previous East-West talks have advanced toward a solution of the Berlin issue, but he warned that a speed settlement is necessary to save the world from catastrophe.

The Soviet leader again called for the signing of a German peace treaty and demanded an end to what he termed the "dangerous provocations" of West Germany against East Germany.

Khrushchev made his remarks at a Kremlin reception for visiting Austrian Chancellor Alfons Gorbach. He made a similar statement on progress in Berlin negotiations earlier when he dropped in on a Fourth of July celebration at the U.S. Embassy.

18-Year-Old Boy Gets WAF Offer

BISBEE, Ariz. (AP) — Cosme Martinez, 18-year-old Bisbee High School senior, is ready and willing to accept an offer he received from the Air Force.

Martinez' letter from an Air Force recruiter read:

"The Women's Air Force welcomes your enlistment. The WAF is a most distinctive group of young ladies. You may enjoy a new and exciting social life. There are unequalled opportunities for you as a member of the WAF."

The Bisbee boy says he hopes the Air Force won't back out on the offer.

Not What Mother Would Have Wanted

LOUISVILLE, Ky. (AP)—"This represents a pretty twisted set of values," Juvenile Court Judge Daniel P. Marshall said recently as he sent a 16-year-old defendant to jail for holding up a bus driver.

The crime occurred just prior to Mothers Day. The youth said he staged the holdup to get money to buy his mother a present.

SEA SENDS EVERYMAN BACK HOME

Everyman I, the 30-foot trimaran nuclear test protest boat, was reported on its way back to Sausalito today because its second crew didn't have the ability to properly sail the boat to the Pacific test area. In this Coast Guard photo, the boat is shown becalmed near the Farallon Islands. (See story page 1).

Public Works Head Named For Hub City

Richard Arnold Sypher, 51, city engineer for the City of Pleasanton, will go to work as public works director and city engineer for San Anselmo on July 18.

Sypher, who will get a starting salary of $782 per month, succeeds William Roe, who resigned for a better paying position with a private firm. Sypher was one of six applicants considered for the San Anselmo post. City fathers this week tentatively approved the appointment of Sypher. Formal appointment is expected next Tuesday.

A 1950 graduate of the University of California, Sypher has a bachelor of science degree in civil engineering. He has been city engineer in Pleasanton since March of 1959.

His previous experience includes two and one-half years as associate engineer with the Office of Architects and Engineers at the University of California; and three years as assistant civil engineer for the City of Richmond. He also worked for a time as civil engineer at Parks Air Force Base, and as junior civil engineer for the State Division of Highways.

During World War II, he served with the United States Naval Reserve Seabee Battalion.

As city engineer and street superintendent in Pleasanton, Sypher was making $801 per month. He applied for the San Anselmo job because he wanted to work in a larger city with broader scope.

Muir Beach Unit Will Reorganize

Muir Beach Community Services District directors will meet at 8 p.m. Wednesday to reorganize the board, Allison E. Schofield, president, said today. The meeting will be at Schofield's home.

No meeting was held yesterday because of the holiday.

Schofield also reported that his resignation is expected to be accepted at Wednesday's meeting. He said that Charles S. McCandless and Co. of Menlo Park has been hired to survey Muir Beach's water facilities and that a bond issue is proposed to be voted upon to finance rehabilitation of the water system.

Marin Plumbers, Contractors Sign

Associated Plumbing Contractors of Marin signed a contract this morning with Local 38, Plumbers United Assn., accepting a sizable raise in pay scales under threat of immediate strike.

"Our whole construction industry would have been jeopardized if we hadn't signed up at once," said Richard F. Wood, executive manager of the contractors group.

He explained that the contract providing for boosts to $7.55 per hour by the end of three years had already been signed in San Francisco and Sonoma Counties and that San San Francisco contractors were ready to swarm in if Marin contractors suffered a strike.

The last contract rate was on a $5.36 basis. Demands included $1.40 boost in two years, and five hours work for eight hours pay by the fifth year.

Wood said the new contract is to run three years and nine months, to March 31, 1966. It provides for adding 40 cents per hour the first year, the same for the second and the same for the third, while the "fourth period" which is only nine months will be on a basis of the third year pay—$6.53 an hour through addition of the three 40-cent increments—but with this amount calculated to give eight hours' pay for seven hours' work which figures out at $7.55 for the seven hours.

Local 38 bargains for workers in Marin, San Francisco, Sonoma and Mendocino Counties, signing up with individual contractor groups in each county.

It was this situation, Wood explained, which put the Marin contractors "under the gun" today because of one San Francisco sign-up Monday, another San Francisco and a Sonoma sign-up Tuesday, and indication today that Marin contractors could sign at once or be struck.

U.S. Now Has Over Half Of World's Telephones

COLUMBUS, Ohio (AP) — An Ohio State University research foundation bulletin says that statistics on the growth of telephone service suggest that the demand for more and better communication by voice is almost insatiable.

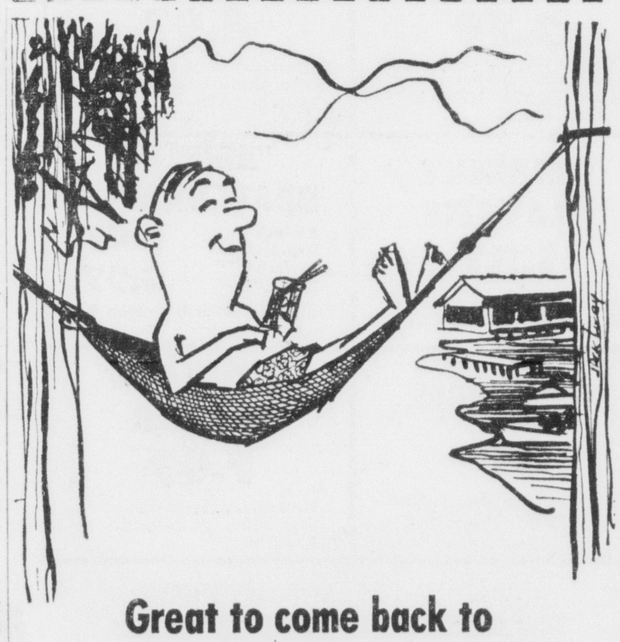

The bulletin said the world now has about 142 million instruments, 52 per cent of them in the United States. The U.S.S.R., where the telephone directory is a secret, has about 4.3 million.

Violent Battle Shatters Algerian Independence Day

ALGIERS (AP)—A violent gun battle in the heart of Oran's European city today shattered Algeria's celebration of its first official independence holiday.

More than 100 dead and wounded were reported in the first hour of the fighting, which swept the former stronghold of European Secret Army Organization terrorists.

Two hours after the fighting started, gunfire still rattled over the city. French riot police cars set up positions near the battle area.

The gunfire panicked tens of thousands of Moslems in the midst of a delirious celebration. An official of the city's main hospital said all the casualties taken there were Moslems. But a number of Europeans also were killed or wounded.

A Moslem policeman said the firing came from holdout terrorists of the European secret army, whose leaders had bowed to Algerian independence after months of murder and arson. The policeman's report could not be immediately confirmed.

The Oran violence, first since Algeria became formally independent Tuesday, erupted against a backdrop of a power struggle for leadership of the new-born nation.

In Algiers, nationalist Premier Youssef ben Khedda took the salute from 500 battle-hardened Algerian guerrillas. But the military show underscored the shaky position of Ben Khedda's moderate regime.

All the parading troops were from Wilaya No. 3, the only one of the guerrilla army's six zones to have firmly declared its loyalty to Ben Khedda. Three military zones, including the one immediately south of Algiers, have declared their support for rebellious Deputy Premier Ahmed ben Bella, a radical leftist who split with Ben Khedda on the eve of independence.

The 45,000-man nationalist army in exile—the key to any power struggle — was moving into Algeria from Tunisia and Morocco. Ben Bella commands strong loyalties among those troops whom he welded into the fighting force the much larger French army could not defeat.

The advance guard from Tunisia had reached Souk Ahras, 110 miles east of Constantine. From the Moroccan side, the nationalist units marched toward Marnia, Ben Bella's home town, where he was expected to arrive in several days from his present refuge in Cairo.

Ben Khedda's regime strove desperately to bring order and assert its control before Ben Bella's return. But governmental administration ground to a halt and authorities were virtually unable to control jubilant Moslems from staging riot-out celebrations and grabbing European property.

After a wild night, smartly uniformed, French-trained policemen—including both Moslems and Europeans—succeeded early today in closing off some of the main streets for the victory parade.

Against the background of jubilation, there was the growing threat of anarchy.

The governmental vacuum was created by the sudden withdrawal of French officials and the lack of Algerian Moslems to replace them.

Governing power supposedly rests, until elections, with the French-instituted Algerian Provisional Executive headed by Abderrahmane Fares. But actual power lies with Ben Khedda.

Ben Khedda and Fares conferred last night and were reported planning to form a temporary regime to bring a measure of order out of the chaos. But Ben Khedda was having difficulty extending his authority outside Algiers.

Ben Bella showed no sign of reconciliation. While he opposes Ben Khedda's policy of cooperation with Algeria's Europeans and with France, he insisted his dispute with Ben Khedda stemmed solely from the firing of the three army commanders.

Women Admit Weight Problem

TORONTO (AP) — Canadian women are more courageous about the overweight problem than men, according to a recent survey.

Twenty-eight per cent of French-speaking males and 17 per cent of English-speaking males felt they were overweight.

On the other hand, 40 per cent of the French-speaking women and 44 per cent of English-speaking women felt their figures were too ample.

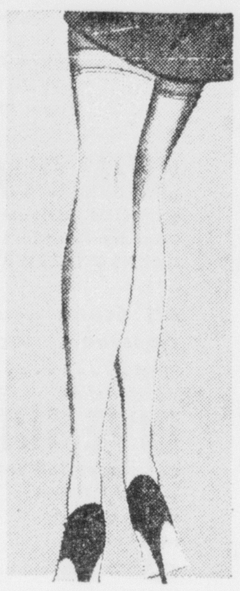

Half the women claimed they had tried to reduce while only one-third of the men said they had tried to lose weight.

Carrow To Meet Voters

Robert D. Carrow of Novato, Marin-Sonoma Democratic candidate for the Assembly, will be at the Democratic booth at the Marin Art and Garden Fair tomorrow evening and all day Saturday to meet voters and discuss issues.

Councilman May Be Appointed Under Brown Act

A city councilman may be appointed in executive or-closed session without violating the Ralph M. Brown secret meeting act, State Atty. Gen. Stanley Mosk ruled today.

The Brown Act in general provides that all meetings of the legislative body of a local agency must be open and public.

But Section 54957 of the act makes an exception "during a regular or special meeting to consider the appointment, employment or dismissal of a public officer or employee or to hear complaints or charges brought against such officer or employee by another public officer, person or employee unless such officer or employee requests a public hearing."

State Sen. Stanford C. Shaw of San Bernardino County requested the opinion. It was prepared by Deputy Atty. Gen. W. R. Augustine of San Francisco.

Strawberry Park Works Approved

Strawberry Recreation District directors Wednesday authorized payment of $3,045 to Piombo Bros. of San Rafael for grading on Strawberry Park. They also accepted an offer made by Ray Piombo of some top soil, the amount to be decided upon at a later date.

The board approved an electrical contract for $2,100 with Cimino Electric Co. Inc. of San Anselmo. The contract provides for bringing electricity into the Strawberry Park area and putting it underground. It also provides for necessary wiring and fixtures for the proposed swim facility.

Patricia M. Gowen, secretary, was directed to investigate sources of planning a planting program for Strawberry Park.

Marin Juvenile Aide Will Head Panel

David Fogel, superintendent of the Marin County juvenile hall, will head a panel discussion on "Hygiene of Detention Care" at the ninth annual Institute on Crime and Delinquency July 22-25 at Seattle, Wash.

Fogel will also give a paper on "Custody and Treatment—Are They Different?" during a seminar dealing with new concepts in juvenile detention. The convention is to be the largest of its sort ever held in the United States, with 1,400 participants including some from Canada.

FBI Working On $2.4-Million Mystery

JERSEY CITY, N.J. (AP) — Investigators concentrated today on convicted gambler Joseph (Newsboy) Moriarty in attemps to solve a 2.4-million-dollar question—who left the cache of cash in an abandoned automobile?

The Jersey City police chief, Austin J. Conley, said it all points to Moriarty, 52, now serving a two-to-three-year term in the state prison at Trenton.

Conley said government bonds found with the currency were registered in the name of Moriarty and Moriarty's brother, Alfred, who died five years ago.

Lawrence A. Whipple, Hudson County prosecutor, and three aides spent 15 minutes with Moriarty Wednesday at the prison and told him of the find.

"You've just lost two and one-half million dollars," Whipple said he told the prisoner.

"He listened deadpan," Whipple related, "then he said, 'You're telling me this, Mr. Prosecutor.' He would neither admit nor deny ownership of anything that was found. He said he would get a lawyer. He said he would consider making a statement afterward."

The fortune at issue, ranging in denominations from $1,000 bills down to $5, was found Tuesday by two unidentified carpenters in the trunk of a 1947 Plymouth housed in a garage.

R. W. Bachman, special agent in charge of the Newark office of the FBI, said Moriarty was arrested in a 1947 Plymouth in 1951.

Also found in the car were four guns—45 and 32-caliber revolvers, a 32-caliber Belgian automatic and 22-caliber rifle—and considerable ammunition. Equipment of the type used by bookmakers and numbers operators was discovered in a 1951 Ford stored in an opposite garage.

"We don't know yet who the money belongs to—ownership is a legal question for the U.S. attorney's office," Bachman said. "This is the largest amount of money I have ever come in contact with in all my experience with the FBI."

The exact amount, he said, was $2,421,580.

The FBI claimed the money, bonds and related papers on the basis of a $250,000 tax lien against Moriarty.

Authorities also pressed to determine the owner of the car, which had no license plates.

According to Conley, a Miss Anna Petrick was the last owner. He said the car had been seized by the county prosecutor in 1952 when Moriarty was arrested in it on a gambling charge. Moriarty was subsequently acquitted and Conley said the car was returned to Miss Petrick.

Conley said Miss Petrick left on a two-week vacation Saturday.

A call to her home brought only this response: "She isn't here." The party then hung up.

The two carpenters, meanwhile, were reported to have filed claims against the fortune. And Frank Munzy, 64, owner of the garage in which the cache was found, was considering a similar claim.

The double row of 24 small garages where the car was parked is located in an alley in a quiet residential section.

Conley said that in agreement with the FBI, the names of the carpenters — there were seven working on the garages —would not be made public.

He said they were apprehensive about their part in finding the money and reporting it.

Moriarty earned his nickname by selling newspapers as a youngster.

His operations reportedly totaled 10 million dollars a year, authorities said.

10,000 Fewer Farms

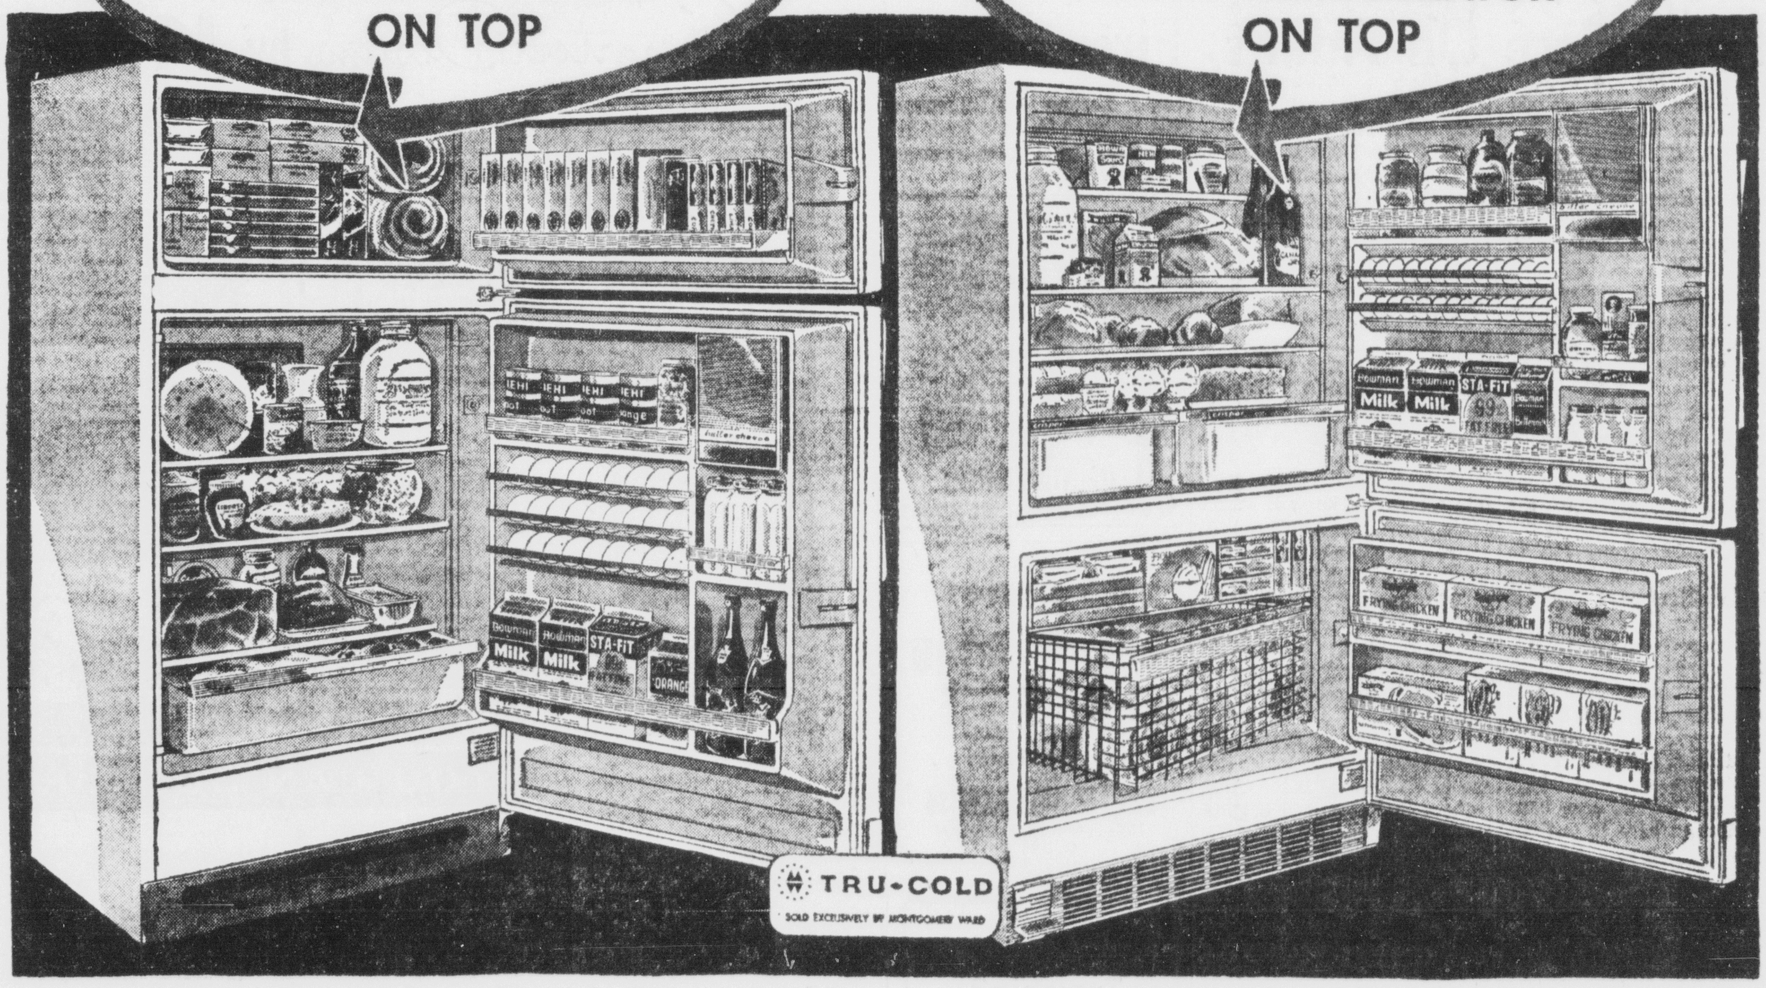

COLUMBUS, Ohio (AP) — The number of farms in Ohio is estimated to have dropped about 10,000 in the period from 1959 to 1961, say Ohio State University economists. They believe this took about 400,000 acres in farmland out of production.

1 ALL-FROSTLESS means no defrosting ever in the refrigerator section or in the separate zero-zone freezer.

2 ALL-FROSTLESS means frost won't accumulate to use up food storage space. You have more room for food!

3 ALL-FROSTLESS means no more digging-out of frost-bound, snowed-in "blind label" foods. Save work and time!

4 ALL-FROSTLESS means ice cube trays free easily and food won't freeze to shelves. No more thick walls of frost!

Shop in Air Conditioned Comfort at Marin's Largest, Most Complete Department Store

RUINS — Capt. Tony Nunes and fireman Howard Lee, of the Marin County Fire Department, survey the remains of the house owned by Mrs. Mimi Heidelmann which burned to the ground last night along with an adjacent house belonging to Frank Dennison.

FIRE

Continued from page 1

Further investigation was turned over to the Marin County Sheriff's office.

Damage to the Heidelmann cottage and contents was listed at $25,000.

The Dennison's loss was $30,000.

Harshberger, one of Dennison's tenants, had moved next door to another home owned by Dennison at 78 Marin View. Harshberger said he woke up last night to see flames licking up the side of the house. He said he ran two blocks to a neighbor's house to phone the fire department but was refused entrance because he was a "stranger."

Harshberger told county firemen that by the time he returned to the burning home, fire fighting units had arrived at the scene.

Harshberger's home was charred on the side nearest the fire. The windows were cracked from the heat.

The destroyed homes were only 6 feet apart.

During the height of the fire paintings and other valuables were removed from another adjacent home where Mrs. Heidelmann lives.

The fire was finally under control at 1:30 a.m. Water had to be hauled in by tankers because only one fire hydrant was available. The location of the fire was a one-way road in a heavily wooded area.

Mrs. Heidelmann's late husband, William, built the cottage in 1917 from lumber salvaged from an old Sausalito School house. Both Heidelmanns were born in the Bavarian Alps, Germany, and used the design of chalets there to plan their Mill Valley homes.

The Heidelmans founded the tourist club on Ridge Road and operated a ski lodge on Donner Summit for a number of years.

Seven county and three Mill Valley fire units answered the Call. Twenty firemen fought the blaze.

UNDAMAGED — Mrs. Mimi Heidelmann inspects a painting by her late husband, William, which escaped being damaged in the fire which destroyed her house. The house was rented to Mr. and Mrs. Joe von Voasselier who were away at the time. (Independent-Journal photos)

Every Day Armed Force Family Day

HOPKINSVILLE, KY. (AP) — Every day is armed forces day at the home of Mr. and Mrs. Leslie Mumford. Seven of their sons have served in the military. Three are in uniform now.

"I have one more boy to go, my 13-year-old James," Mrs. Mumford said. "He's counting the days until he reaches 17 and can enter the service.

Blaze Threatens Belvedere Home; Blame Place On Adults, Fireworks

Twenty-five firemen fought a spectacular brush fire two hours last night which endangered the palatial home of Stewart B. Hopps in Belvedere and was believed to have been started by adults "playing with firecrackers."

It was just one of a rash of brush and grass fires that kept Marin County firemen working throughout the Fourth of July holiday.

Belvedere Fire Chief Lawrence T. Mersereau reported he got the call at 9 p.m. and he and his men brought four pieces of equipment to the scene.

They hauled from 700 to 1,000 feet of hoses down the cliff-like hill where brush and pine needles were ablaze on Hopps property and on the adjacent property of Dr. George A. Watson of 135 Belvedere Avenue. Hopps lives at 2 Cliff Road.

The fire chief said "it was fortunate there was no wind" but added the fire was hard to get to and hard to put out in the heavy brush. He said the fire burned toward the Hopps residence coming to within 30 feet of it.

"Apparently someone threw firecrackers out," said Merserau. "It was definitely not a kid deal."

The fire was reported by Dr. Watson who was not at home today for comment.

The Hopps were at home at the time but, according to Mrs. Hopps, they did not see the fire since they were in another part of the house. Mrs. Hopps said she did not know the cause of the fire.

John Lunt, off duty Sausalito police officer, reported that the blaze was easily visible from Sausalito where he was watching for the San Francisco fireworks display. He said he first saw a glow of fire from Belvedere which grew into a blaze. "I knew it wasn't a sparkler," said Lunt.

In other holiday activity two small fires near San Rafael, at 360 Summit Avenue and Merrydale Road, were quickly put out by Marin County Fires put out by Marin County Fire Department crews early in the afternoon.

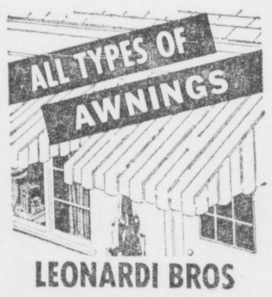

A brush fire at 424 Shoreline Highway, Tamalpais, and one at 38 Central Drive, Alto, both of undetermined origins, were quickly put out.

Cigarettes from passing motorists were blamed for brush fires on the divider strip of Highway 101 near Hamilton Air Force Base at 6:51 p.m. and a fire at Sir Francis Drake Boulevard and Olema Drive at 9:55 p.m.

A Sausalito grass fire near the radio tower on Alto Avenue caused no damage. No cause was listed by the Sausalito and county fire departments for the blaze at 7:30 p.m.

A brush pile at the Fairfax Little League ball diamond was believed to have been deliberately set but no damage resulted.

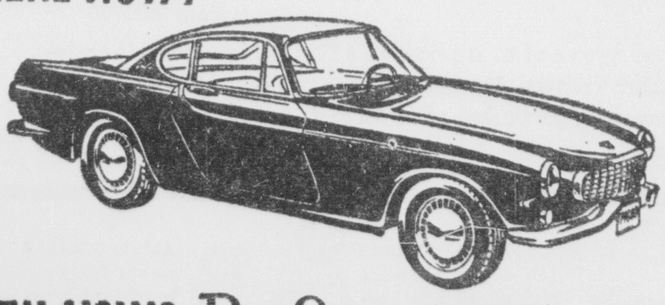

The national anthem of Malaya borrows its melody from an old love song called Moonlight. Musicians are now forbidden to play it as a love song.

The BULLPEN

With JOHN J. CONNOLLY

It's S.F. Power Vs. L.A. Hurling In Crucial Four-Game Showdown

CONNOLLY

As one of the survivors of the 1933 earthquake, (no fire) and the 1938 flood, I consider my experience in Southern California covers everything except the 1962 Dodgers. And starting today with the crucial four-game series against the S.F. Giants, I am compelled to think up some sound reason for rejoicing at the chances of the Candlestick warriors in this pennant scramble.

Sentimentally I'd like to say San Francisco is a lead pipe cinch to topple the Dodgers, but actually my experience confines itself only to my ecstasy over the Giant hitters and not pitching.

The Dodgers know they have two great flingers in Don Drysdale and Sandy Koufax. Combined they excel any one of the Giant aces, which includes Marichal, Sanford, O'Dell, Pierce and McCormick.

But my professional training excites me on the power phase of the Giants. They have it all over the Dodgers in hitting. What the Giants lack in speed they make up in aggressiveness and desire.

BUT OF late the scrappy Giant killers are playing a little on the unthinkable side of the game. They try stupid things like a guy on third base trying to steal home with Willie Mays at bat, another runner on first base and two outs. What the hell are the odds on that type of play? Or things like happened yesterday when Willie McCovey tried to steal second base with Orlando Cepeda at bat and two outs.

It is the lack of instinctiveness that sometimes makes me think the Giant players are going to fight it out right down to the last out to overcome those Dodgers.

This series of four games could make or break the S.F. club.

LANDING BOB Garibaldi, the ace righthanded pitcher from Santa Clara, may help. If he can win, and there is every good reason to believe he can, his acquisition could be a ten strike for the Giants. If he needs more seasoning then it's another horse of another color.

When the Giants get down to the finish line they seem to panic. Right guys, who figure to hit, or others who figure to pitch, have folded. It is fear of a repetition that worries this old codger.

I can't see two pitchers like Koufax and Drysdale packing a ball club, that can only run, to a pennant. Check the batting averages of the Dodgers and outside of Tommy and Willie Davis and what have you? Nothing sensational, yet the team is regarded as the team to beat.

WITH ANY sort of respectable pitching from Giant hurlers, I look for them to take the Dodgers. On sheer power alone the S.F. team figures to mow down any other club in the league. But to do it S.F. has to get better than in-and-out pitching.

Marichal, despite his great work, hasn't finished his last two starts. Sanford and O'Dell, with McCormick, have to do yeoman work to make up for the loss of Billy Pierce, injured southpaw. But if Marichal finds himself, and returns to his early season form, the Giants can take the Dodgers.

The next four games will go a long way to determine if the Giants are prepared to test themselves against the best in the league. I'm inclined to string along with the S.F. club and hope the pitchers feel like I do.

Russ Crew Takes First In Annual Independence Race

PHILADELPHIA (AP) — Russia's smooth-stroking eight-oar shell defeated four crews from the United States and one from Canada yesterday in the annual Independence Day Regatta.

The Russian crew won by about a length and a quarter over the Vesper Boat Club of Philadelphia, with Cornell third, Washington fourth, St. Catharines of Canada fifth and West Side Boat Club of Buffalo last.

The time was six minutes and nine and 8/10th seconds, very good time.

Cornell was timed in 6:16.9; Washington 6:17.1, St. Catharines 6:17.3, and West Side 6:38.4.

L.A. Dodgers Given Commanding Edge

By ASSOCIATED PRESS

If past performance charts mean anything, the Los Angeles Angels are 2-1 to finish first in the American League pennant derby—which would rank as one of the most cockeyed upsets in baseball history.

The Angels swept into the lead in yesterday's big holiday program by scoring two victories over Washington, 4-2 and 4-1. That pushed them a half game ahead of the New York Yankees, who split with the Kansas City Athletics, losing the opener 11-1 and winning the nightcap 7-3.

One of baseball's barometers is the July 4 standings—with the team topping the league the traditional favorite to wind up as champion. It's happened that way 41 times in the AL's 61 years, for a 67 per cent average or two out of three times. But last season the Yanks split an Independence Day doubleheader with Detroit, leaving them a game back of the Tigers—but the Yankees emerged as runaway pennant winners.

And, tradition and percentages to the contrary, hardheaded baseball men—and oddsmakers—expect the heavily-favored Yankees to repeat the job this time out.

In yesterday's other American League doubleheaders—Cleveland edged to within two percentage points of New York with a pair of overtime victories over Detroit, 1-0 and 6-2. Minnesota and Boston played even, the Twins taking the first 8-4 and the Red Sox the second 9-5; and Baltimore split with Chicago, the Orioles winning 7-3 and the White Sox 5-2.

The Angels jumped in front against Washington in both games and nailed down the sweep with strong relief pitching. Right-hander Ken McBride (8-3) won his seventh in a row in the opener. Dean Chance supplied the needed help from the bullpen.

Leon Wagner, the league's leading home run hitter, smacked No. 24 with one on in the third and Felix Torres also banged a two-run homer for Los Angeles in the second game. Art Fowler preserved the pitching victory for southpaw Ted Bowsfield.

After a no-hit, no-pitch, no-field performance in their first game against the A's, the Yankees cut loose in the second. In the sixth Clete Boyer homered, Roger Maris homered with two on, and Mickey Mantle belted his second of the game.

In the opener, rookie right-hander Diego Segui held the Yanks to six hits while Kansas City rapped out 16.

Builders, Plumbers, Tigers Win In Semi-Pro Baseball

Billings-Hutchison edged the Mill Valley Merchants 4-3 yesterday and the Ongaro Plumbers won over the San Anselmo Merchants 5-3 in a doubleheader at Albert Field.

It was the second loss in the day for San Anselmo which was shellacked earlier in the day by the Novato Tigers 13-1.

A triple by Bob Nelson and a sacrifice fly to deep center by Joe Hebel scored the winning run for the Builders in the bottom of the eighth inning in their game with Mill Valley.

Fred Thurman, starting pitcher for Billings-Hutchison, was relieved in the fifth inning by Jack Sovereign who struck out seven in the last three innings.

Dave Perlis, losing pitcher, limited the Builders to five hits and struck out seven.

The Ongaro-San Anselmo game was called after seven full innings because of time. Dick Spackman was the winning hurler, allowing three hits from San Anselmo.

Third baseman Ron Cole had three hits and Don Lauters hit a triple to lead the Ongaro attack. Losing pitcher for San Anselmo, Ken Gelatti, allowed seven hits in going all the way. He also hit a double to help his cause.

The Novato Tigers' win saw San Anselmo losing hurler Jim DeMartini remain on the mound the entire game although allowing a total of 17 hits.

Winning pitcher was Ron Grayson who struck out eight, walked six, and allowed four hits in going the distance. De Martini struck out three and walked three.

Bob Illia, Novato third baseman, hit a two-run homer in the first inning and also clouted a triple in his three trips to the plate. The Tigers scored seven of their runs in the ninth inning on seven hits.

Attendance Dips For Major League Games Yesterday

By ASSOCIATED PRESS

Although there were an additional four games on the July 4 program, baseball attendance dipped about 5,000 from last year's total as 224,866 fans turned out for 18 major league games yesterday.

The National League led the way this year as 115,292 clicked through the turnstiles for eight games. Last year the NL drew 66,134 for six games.

The American League attracted 109,574 patrons for 10 games this year to 163,270 for eight in 1961. Both leagues totaled 229,404 last season.

The biggest crowd yesterday was 39,322 at Los Angeles for the twin bill between the National League leading Dodgers and the Philadelphia Phillies. The Kansas City-New York two-game set drew 27,901 for the AL high.

U.S. GAL REACHES WIMBLEDON FINAL

WIMBLEDON, England (AP) —Mrs. Karen Hantze Susman of Chula Vista, Calif., defeated Britain's Ann Haydon today 8-6, 6-1 and gained the women's singles final in the All-England Tennis Championships.

Curtis Swimmers Win Five Medals

Paced by Barbara Canney, five swimmer from the Ann Curtis Swim Club won medals and ribbons at the Santa Clara Novice Swim Meet last weekend.

Barbara won first place in the 13 and 14-year-old 50-yard freestyle event with a time of 29.7. She also placed fourth in the 50-yard fly, the 50-yard backstroke and the 200-yard individual medley.

Kathy Donovan was second in the 11 and 12-year-old 50-yard backstroke. Jenny Cowger was third in the same event and fourth in the 11 and 12-year-old 50-yard fly. Mike Cass placed third in the 13 and 14-year-old 50-yard fly. Jim Allen was fifth in the 13 and 14-year-old 50-yard backstroke.

49ERS LOSE ALL-AMERICA DRAFT PICK

The San Francisco 49ers today announced the signing of Clyde Conner, one of the top receivers in the National Football League for his seventh year with the San Franciscans.

The 49ers also announced Billy Ray Adams, No. 3 draft pick from the University of Mississippi, has been advised by his doctors to stay out of football for at least a year.

The 6-3, 220-pound All-America fullback, suffered severe back and knee injuries in an automobile accident last December.

Conner suffered a head injury early in the 1961 season but has been checked out by team physicians. He will report to training camp at St. Mary's College with the other 49er veterans on July 21. The rookies will report on July 20.

Jaycees Win Game

The Jaycees of the San Rafael Senior Youth Baseball League whipped Burgars Builders 9-1 Monday behind the two-hit pitching of John Prichard. Rick Razinkoz of the Jaysees collected two hist and scored two runs.

Three Rams Sign

LOS ANGELES (UPI) — The Los Angeles Rams today announced the signing of veteran safetyman Lindon Crow, offensive guard Roy Hord and sophomore offensive halfback Pervis Atkins for the 1962 season.

Independent-Journal Sports

Thursday, July 5, 1962 17

Four Crucial Days In N.L. Title Race

SAN FRANCISCO (AP) — The team in first place on Fourth-of-July night will be the pennant winner, says tradition.

But in the case of this year's National League race, the experts are advised to wait an extra four days before picking their champion.

For the Los Angeles Dodgers and San Francisco Giants, after running to a virtual dead heat for half the race, now tangle in a four-game series that could send one or the other into command—or could leave the promise of a neck-and-neck drive all the way to the wire.

True, the Dodgers have played and won one more game than the Giants.

But with today's Don Drysdale (14-4)—Mike McCormick (4-2) battle, the pace-setters began a series that will halt a Dodger win streak now numbering six or smothering a Giants string of 11 wins in their last 13 games.

DODGERS LEAD

Los Angeles has won three of their first four meetings—twice on excellent pitching from Sandy Koufax and Drysdale and once in an 8-7 game that could have gone either way.

The Giants' lone victory was in the clubs first meeting, 19-8.

San Francisco Manager Alvin Dark said yesterday he may be able to use injured lefty Billy Pierce against the Dodgers on Saturday. Pierce has been out since June 14 with a spike foot, but has an 8-2 record.

Juan Marichal (11-5), ace of the Giants staff, will pitch Friday night, with two from among Pierce, Jack Sanford and Billy O'Dell going in Saturday's and Sunday's day games.

After Drysdale, Dodger Skipper Walt Alston was expected to offer Johnny Podres, Stan Williams and Koufax.

While the Dodgers stung Philadelphia twice yesterday, the Giants were pounding the New York Mets 11-4 and 10-3. Efficient route-going pitching performances by O'Dell (10-6) and Bob Bolin (3-0) were overshadowed by the home run bats of Willie McCovey and Willie Mays.

SEVEN RBI

McCovey drove home seven runs in the first game with three-run and two-run homers to right and two sacrifice flies. Mays rapped second game loser Bill Hunter for a three-run shot with none out in the first and a two-run blast in the third.

Mays took the league lead with 24 home runs while McCovey upped his production to one round-tripper every nine times at bat—11 in 99 trips.

Ed Bailey and Jim Davenport each hit solo home runs in the first.

Believe It Or Not! L.A. Angels Up There On Top

HAPPY RIGNEY—Angels manager Bill Rigney displays big smile and his team's position in American League standings. (AP Wirephoto)

By ASSOCIATED PRESS

The Los Angeles Dodgers have passed the July 4 milestone with a half-game edge over San Francisco's Giants and added baseball tradition to their line-up in their struggle for National League supremacy.

Tradition jumped on Los Angeles' bandwagon after yesterday's program as the Dodgers swept their seventh consecutive doubleheader by belting Philadelphia 16-1 and 7-3. The twin triumphs kept the Dodgers a half-length ahead of the Giants, who whipped the New York Mets 11-4 and 10-3.

That, according to baseball's July 4 rule of measure gives the Dodgers a commanding edge over the runner-up Giants. In the 61 seasons since the turn of the Century, 39 N.L. teams leading after the holiday games have won the pennant—an average of 64 per cent.

BASEBALL CAPITAL

The Dodgers' sweep turned Los Angeles into the baseball capital—for a day at least—as the two-year-old Angeles moved into first place in the American League by defeating Washington 4-2 and 4-1. In the A.L. 41 of 61 July 4 leaders—or 67 per cent—have won the pennant.

Pittsburgh remained in third place in the N.L., taking Houston 7-0 and 4-3. Fourth-place St. Louis stopped Milwaukee 2-0 after losing the completion of Tuesday night's suspended game, 7-5. Cincinnati's defending champs, in fifth place, defeated the Chicago Cubs 8-6.

Frank Howard's single and bases-loaded double drove in five runs in support of Sandy Koufax' five-hit pitching as the Dodgers pounded Chris Short (4-5) and his successors for 18 hits in the first game. Koufax (12-4) didn't allow a hit until Ted Savage homered in the seventh inning.

Howard drove in two runs in the nightcap. Tommy Davis had a two-run homer and run-scoring single. Joe Moeller (6-5) got credit for the Dodgers sixth consecutive victory. Dennis Bennett (2-4) was the loser.

Vern Law (7-3) continued his comeback for the Pirates in the opener to post his fourth consecutive triumph. Bob Bruce (6-2) was the loser.

An 11-hit offensive also worked for the Pirates in the nightcap. ElRoy Face, working in relief of Earl Francis (5-5) ran into trouble in the ninth when the Colts pushed across two runs, but got Merritt Ranew on a grounder to end it. Jim Golden (5-7) was the loser.

Ed Mathews clinched the verdict for the Braves in the suspended game by breaking the 5-5 tie with a two-run ninth inning homer. The Cards took the regulation contest as Ernie Broglio (4-3) checked the Braves on three singles to beat Warren Spahn (7-10).

Leo Cardenas' brilliant play on Billy Williams grounder after the Cubs had scored four runs in the eighth preserved the Reds' triumph for Jim Maloney (3-3). Dick Ellsworth (4-13) lost it.

Dark Eager To Test Garibaldi; He'll Be 'Legal' Giant July 15

SAN FRANCISCO (AP) — Bob Garibaldi, the new $150,000 component of San Francisco's pennant-seeking machine, hopes to begin working immediately with the Giants though he won't officially join them until July 15.

"I'll need a lot of help," said the right-handed pitcher, who signed yesterday with the Giants.

Giants Manager Alvin Dark and pitching coach Larry Jensen are equally as eager to see their towering 6-foot-5, 205-pound fireballer in action.

"I've never seen him pitch," said Dark, "I won't know how I'm going to use him until I see him. But he'll be doing some work for us."

The Giants expected to seek approval today from Commissioner Ford Frick for Garibaldi, 20, to work out with the team before he legally goes on the roster.

His acceptance of the Giants offer—not the highest he received—ended a month of spirited bidding by every major league club for the University of Santa Clara sophomore.

After winning the most valuable player award at the NCAA world series last month and leading Santa Clara to second place, he was acclaimed the best college prospect in the country.

Garibaldi said he chose the Giants because he wanted to join a power-hitting team and because they are based only 80 miles from his Stockton home.

"I had one or two higher offers," he said, but would not discuss terms of them nor the Giants bid. A source close to the Giants acknowledged the $150,000 figure was about right, though the club president, Horace Stoneham, declined comment on the bonus.

Father James E. Sweeters, the Santa Clara athletic moderator who blasted pro scouts last week in a letter to Ford Frick, said, "When a boy is offered such a fantastic chance, he can't turn it down. What I am opposed to is trying to turn boys against college without any worthwhile bonus."

Garibaldi said he will return to Santa Clara in the off-season to earn his history degree.

Marin A.C. Gets Third Team Win

The Marin Athletic Club won its third team victory in four starts this year by winning the team prize yesterday in the 30 Kilo, run at Sunnyvale.

The race was won by Denis Moore, running unattached, in the time of 1 hour, 40 minutes and 12 seconds. Darryl Beardall of the Marin A.C. placed second in the 18 and one-half mile race and Bill Ranney of the Marin A.C. was 10th in the field of 33 runners.

Black Bass Biting At Clear Lake; Either Sex Deer Hunts Approved

STEVENS

Some "art" and a short note came in today's mail from Don Smith of Clearlake Highlands. The art consisted of three blood warming pictures of black bass taken over the last weekend. The note told the following brief story: "Dear Ralph: Here are three pictures of a few of the bass taken over last weekend. Bass are biting very good at this time. Cats are also hitting good on minnows, night crawlers and clams. Crappies have slowed down some."

I understand that bass action is quite good at Lake Berryessa and Trinity Lake, but have no verification of two reports phoned in while I was away.

SOME 13,350 lucky nimrods will have a chance at downing an antlerless or either sex deer on one of the 35 hunts approved last Friday by the Dept. of Fish and Game. Only three of the 38 antlerless or either sex hunts that were proposed missed making the grade, although portions of the North Tahoe and Western Placer and Nevada hunts in Nevada County were dropped because of action by the Nevada Board of Supervisors.

Action on the part of the Mono County Board of Supervisors caused the proposed Casa Diablo and Sherwin Grade hunts to be dropped completely, and the Sequoia hunt was dropped in agreement with the recommendation of the DFG.

THE OWENS Valley Tule Elk hunt was approved, also.

THE PRICE, $250, seems a lot to pay for 13 hen's eggs, but that was the amount one ambitious citizen had to pay into the coffers of the F&G. The eggs were once the property of a hen pheasant and a female duck (13 in all). To insure their hatching, the eager-beaver fisherman netted a mother pheasant and had it in a gunnysack when contacted by a game warden. The sacked hen was released and the eggs turned over to a farmer's hen for hatching.

THE DEEP SEA rockfishing addicts had a gala time over the past weekend both off New Year's Island, where many lings were landed along with assorted rockfish, and the local waters where an average of 45 pounds per angler was recorded by the Stagnaros of Santa Cruz. "Few ling cod making appearance on the local grounds," reported Malio Stagnaro.

SALMON TROLLING continues hot with most of the fish being taken off Pedro Point and running not too heavy—perhaps an average of six to eight pounds with an occasional larger one coming aboard. Bass trolling slackened a wee bit in the upper San Pablo but still the average is better than one-and-a-half per rod. Bait fishing is slow. Lots of cats and crappies in the back country spots and a bew black bass have been reported by minnow fishermen.

CONGRATULATIONS to Brewster Fong and Martin Lee for two successful black bass trips on the one day—caught on Hoochy Jigs in Clear Lake. Fish ran to 5 pounds, 11 ounces. Reported by Don't Bait House, Clearlake Highlands.

That's it for today. See you later. Chow!

Guasco Gets Win In Hub Sr. League

Guasco Super Market beat American Steel Fabricators 10-7 yesterday in the San Anselmo Senior League as Larry Peet pitched a five-hitter.

Leading the Guasco attack was Phil Ferris with four singles and four runs-batted-in in four trips to the plate. Bob Faulkner and Lon Gallagher each hit home runs.

GARIBALDI AND NEW BOSS

Manager Alvin Dark greets his new pitcher Bob Garibaldi in Giants dressing room after the Santa Clara University ace signed a contract for a reported $150,000 bonus yesterday, highest ever offered by the club. Garibaldi will join the Giants July 15. (AP Wirephoto)

Americans To Send 29 For British Open

TROON, Scotland (AP) — Jack Nicklaus, United States Open Champion, today predicted that the holes of the back nine of the Troon links could send scores soaring in the British Open Golf Championship starting Monday.

Nicklaus, of Columbus, Ohio, has had two days of practice over the 7,045-yard links on the edge of the Firth of Clyde. He admits that the incoming nine still has him baffled.

"I've yet to break 40 on the home nine," he said.

"If the wind starts blowing, as it has a habit of doing in these parts, then there could be some high scores on the last nine."

Nicklaus, Arnold Palmer, U.S. Masters Champion, Sam Snead, winner of the British Open in 1946 and one of the game's greatest players, Gene Littler, 1961 U.S. Open Champion, and Phil Rodgers head the 29-strong American challenge—the strongest U.S. entry for years.

Champ Griffith Displays Power

LAS VEGAS (UPI) — Welterweight champion Emile Griffith yesterday displayed the powerful punch he hopes will retain his crown for him in his July 13 defense against speedy Ralph Dupas.

Griffith, who will be fighting for the first time since winning the championship, knocked down one of his sparring partners with a jarring left hook to the jaw. He dumped Al Grant, a Santa Monica, Calif., welterweight who had never been floored in 22 fights.

Dupas worked six rounds yesterday and stuck to his flighty style of punching and running. He went four rounds with Deanie Crisp, a Las Vegas welterweight.

Junior Tennis Tomorrow

The Independent-Journal and the San Rafael Recreation Department have announced starting times for matches in the Marin Junior Tennis Tournament for tomorrow and Saturday at Albert Park, San Rafael.

Tomorrow's schedule is:

9 a.m.—Boys under 11 singles—K. James vs. B. Klyce; G. Lieninger vs. B. Kinser. Boys under 13 singles—G. Lindahl vs. D. Matin; J. Royer vs. D. Detrick. Boys under 15 singles—T. Klyce vs. S. Meany; R. Theisen vs. B. Crawford.

11 a.m.—Girls under 13 singles—P. Boyd vs. J. Diederick. Boys under 15 singles—H. Johnson vs. J. Cook; P. Youtz vs. J. Pressley; T. Dibblee vs. D. Clarke; M. Herrerro vs. B. Lieninger; D. Matin vs. D. Parsons.

Noon—Boys under 15 singles — S. Mercer vs. T. Luzzi. Girls under 15 singles — H. Hite vs. K. Aroyan; M. Lee vs. S. Boyd; R. Hodgdon vs. L. Stephens; T. Peterson vs. B. Eddy. Boys under 18 singles — I. Dibblee vs. J. Colabella.

1 p.m. — Boys under 13 singles—B. Klyce vs. B. Brink; B. Tibbitts vs. H. Hand; winner Lindahl-Matin vs. winner Royer-Detrick. Girls under 13 singles—R. Hogdgon vs. N. Sullivan. Boys under 18 singles—G. Croxall vs. J. Palleschi; B. Thiercof vs. D. Gilardi.

2 p.m. — Boys under 11 singles—G. Myers vs. P. Pressley; P. Tibbitts vs. winner Lieninger-Kinser; J. Brink vs. M. Schackelford. Girls under 13 singles—P. Jett vs. winner Boyd-Diederick. Boys under 15 singles—S. Murphy vs. P. Pervere; C. Fracchia vs. D. Detrick.

3 p.m.—Boys under 13 singles—Winner Johnson-Cook vs. winner Phelps-Sweet; B. Lieninger vs. winner Clarke-Herrerro; M. Stephens vs. G. Lieninger; D. Stratham vs. T. Klyce. Boys under 15 singles — B. Hayden vs. winner Parsons-Matin. Boys under 18 singles—P. Ragan vs. K. Clarke.

4 p.m. — Boys under 18 singles—J. Strasenburger vs. F. Savage; B. Crawford vs. S. Meany; L. Marshik vs. B. Hope; R. Wilkes vs. R. Sottile. Girls under 15 singles — J. Dieterick vs. winner Hite-Aroyan.

Saturday's Schedule is:

10 a.m. — Second round matches for boys under 15 singles.

11 a.m.—Quarter finals for boys under 18 singles.

Noon — Quarter finals for boys under 13 singles.

1 p.m. — Girls unoder 18 singles—B. Church vs. J. Cress.

2 p.m. — Semi-finals for girls under 15 singles.

3 p.m. — Quarter finals for boys under 15 singles.

All first round doubles matches are to be played July 12. The semi-final and championship matches are scheduled for July 13 and 14.

Softball Tonight At Hub City Park

Sohner Tree Service will play the first of what could be as many as nine softball games in the next eight days when the Treemen host the highly-touted Two-Rock Army Base at 6:30 p.m. tonight at San Anselmo's Memorial Park.

Either Jay Leatherwood or Lou Perazzo is expected to hurl for Sohner against an unnamed starter for the Soldiers.

The Army nine currently boasts a 19-2 record and an eleven-game winning streak.

The Treemen are scheduled to play Peri's Tavern Monday, Nicasio on Thursday, and then compete on the week-end in the single-elimination Santa Rosa Invitational Softball Tournament. The San Anselmo nine will conclude its hectic eight-day schedule on the following Monday in San Francisco with a double-header against Letterman Hospital.

Drag Race Winner

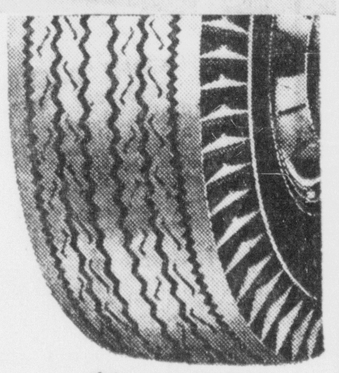

Bill DeBishop of San Anselmo was class winner in the Roadster event of the Fremont Drag Strip's July First Jamboree, driving his Chevrolet 125.5 miles per hour in 11.25 seconds.

Last Night's Fights

STOCKTON — Dommy Felicia, 125, Stockton, outpointed Fernando Sota, 124, Oakland, 10.

Where Everyone Is A Sailor—

SOME PEOPLE vacation on the Isle of Capri. Others prefer the fabled islands of the South Seas or the Vale of Kashmir. But for those who live on the Belvedere Lagoon, especially the teen-agers, fun and relaxation can be found by merely stepping out the back door. Saturday, a group gathered at the David W. Ross home on Peninsula Avenue for sailing, swimming and barbecuing. After sailing and swimming, everyone is ready for food. Kathy Parodi "pours" for Ollie Osborn while Louise Ross and Phil Williams roast hot dogs, the perennial favorite, over a hibachi. Young David Ross Jr. manages to participate in his older sister's party in anticipation of his own teen-age days to come.

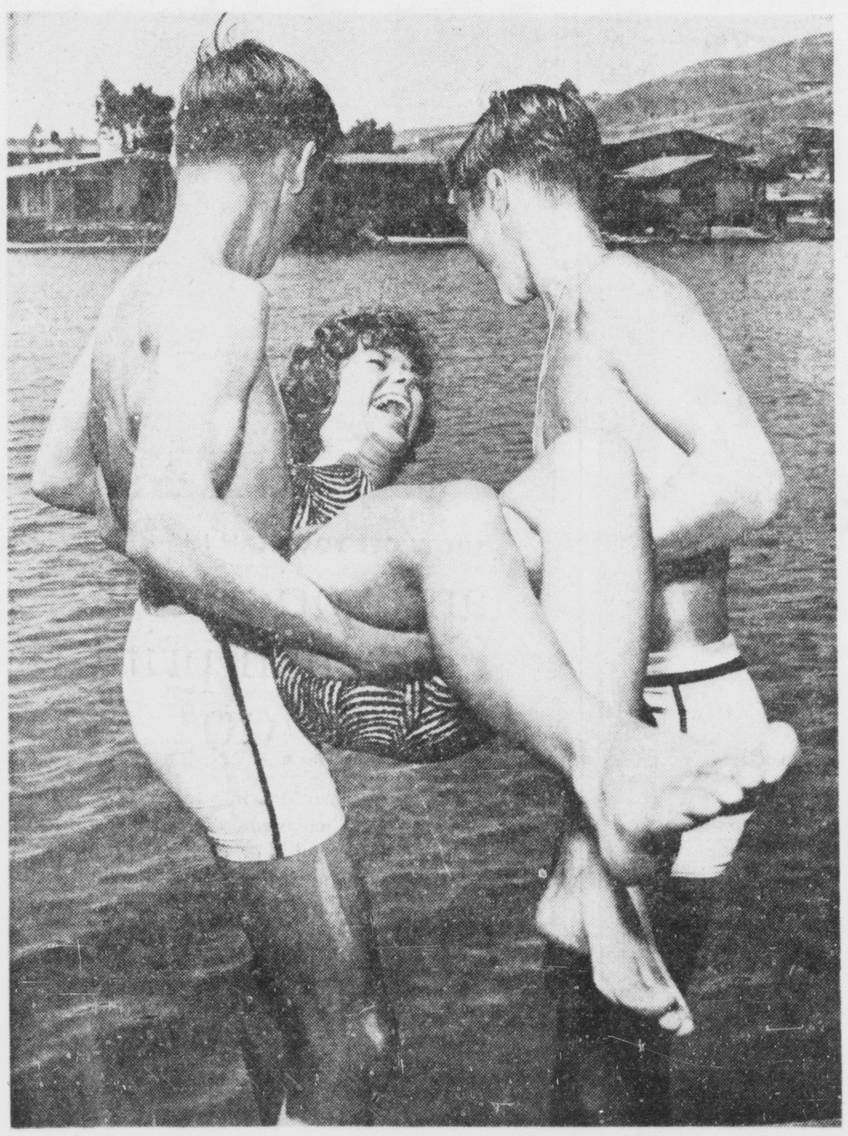

LOUISE ROSS watches as Phil Williams, Mary Wissman, Mike Monsey and Robin Ericson sail off in a Coast 13. (Independent-Journal photos by Jim Kean)

Teens Take To Lagoon

"I'LL JOIN YOU in a minute," Herb Florance says to Kathy Parodi. Many of the young people are going to summer school or working at part-time jobs. The hostess' neighbors, Beryl and Natalie Knauth, a Marin debutante, are folk singing Sunday nights at the Gasworks Number Two in Sausalito. Both play the guitar.

'ONE-TWO AND away we go' chant Ollie Osborn and Walter Hoffman to Kathy Parodi about to go swimming the hard way. The Lagoon waters are kept at a constant level for the water enthusiasts. Many of the residents swim across the Lagoon every morning.

LINDA ANN FERRARIO
(Raphael Studio)

Linda Ferrario Engaged To Wed John Bannister

Announcement has been made of the engagement of Linda Ann Ferrario of Mill Valley and Lt. John Bannister of San Mateo.

The bride-elect, daughter of Louis Ferrario of Mill Valley and the late Mrs. Ferrario, was graduated from Marin Catholic High School, College of Marin and attended San Jose State College. Mary and Louis Ferrario and Mrs. Lino Bocchetti of Tracy are her sisters and brother.

The future benedict, son of Mr. and Mrs. Roderick F. Bannister of San Mateo, was graduated from the University of Santa Clara and is now serving with the U. S. Army.

Wedding plans are indefinite.

Afoot For Fall

Afoot for fall: Suit-boots. These shoes for women creep up, a bit above the ankle. They're recommended for wear with suits. The suit-boot silhouette first made the scene in Europe.

Little French Dressmaker Out As Paris Goes 'Ready-To-Wear'

By ALINE MOSBY

PARIS (UPI)—You can see the latest fashion show in Paris just by standing on a street corner and watching the shopgirls go by.

Thanks to a revolution in the ready-to-wear garment business in France, the ordinary female is becoming a fashion plate, too.

Formerly it was the royalty and rich who set the Paris styles. They bought custom-made original designs at designers' salons such as Balmain and Dior.

THE ORDINARY housewife or working girl went to the famous "little French dressmaker" — if she could afford even $30 for a dress or $50 for a suit. Otherwise she bought badly styled cheap ready-made clothes at department stores.

In recent years, the economic boom in France and influence of American ready-to-wear clothes has brought Paris fashion to the masses.

By now France has factory-made clothes with a style as well as low price tags. Even "Prisunic," a dime-store chain, has a line of clothes that has Paris chic but low price tags—$5 to $15 for summer cotton dresses in high-fashion colors that can hold their own next to Balenciaga and Heim.

THE MOST popular spring fashion for the average Miss Paris is a "Chanel" suit. You pay from $500 up for the real thing at Chanel's. But every inexpensive shop window in Paris displays copies, right down to chains dangling from the pockets. Chanel copies sell for as low as $15, some with braided edges as on real Chanel suits.

Duplicates of Chanel blouses with "pussy cat bows" can be worn by every secretary now who has $5.

Black shiny leather suits and coats are another fad among French women. And every other girl you see in the subway wears an accordion-pleated skirt swishing around her knees. This former "high style" is available to the budget class because of permanently-pleated artificial fabrics. These skirts usually are worn with a V-neck sweater and the Chanel-type locket or pocket watch on a chain.

MISS PARIS almost always wears fragile-looking pointed toe shoes with high heels. She carries a handbag of soft shiny leather called a "manniquin bag"—big enough to carry her lunch. Instead of a hat, she fixes her hair in a bouffant "beehive" hairdo, with a leather or fabric headband or little black velvet bows.

The only hat popular now is the checked visor cap worn on the back of the head, as seen in a popular French movie, "Jules and Jim."

The clothes revolution has forced the high-fashion designers to revolutionize their business, too. Now most of the big coutouriers, including Heim and Dior, have "boutiques" with ready-to-wear clothes.

Pierre Cardin, another top designer, dropped a bombshell last winter by selling a line of ready-made medium priced clothes to a big Paris department store.

TO THE FRENCH, this was as if Maxim's restaurant opened a cafeteria for just anybody.

Because French women can buy good clothes at low prices in stores now, the famous "little French dressmaker" is gradually disappearing from Paris. What few are left are booked solid and seldom take new customers.

THE BETTER HALF By Bob Barnes

"By the looks of these prices, that must be the cow that jumped over the moon!"

THE PARENTS' CORNER

Psychiatric Help May Improve A Retarded Youngster's I.Q.

"Do children ever need psychiatrists?" a father asks. "The principal of our school tells me my daughter should receive psychiatric help. My girl is mentally retarded. The principal thinks a psychiatrist could raise her I.Q. What shall I do?"

Take her to a psychiatrist. Ask your family doctor to refer you to one. Some children do need psychiatric help. Let me tell you about "Joan" and "Ruth."

Joan was severely retarded. When I met her she was 6, but had the mind of a 2-year-old. I had a psychiatrist study Joan and her background. He found she was not really retarded, but that she was "psychotic." Emotional problems kept her from using her intelligence. The psychiatrist treated Joan for four years. Her parents cooperated bravely. Gradually the problems decreased. Joan began behaving normally. She learned to read and did well in school. She is now 13, and as normal as anyone. Her I.Q is 125. Her future is bright, thanks to the psychiatrist.

Ruth was 5 when I met her. She had developed normally until twin baby sisters were born. Her parents gave them all their love and attention, neglecting Ruth. Gradually the girl retreated into a shell. She spent long hours sucking her thumb and daydreaming. She stopped talking and playing. She became mentally ill. I arranged for psychiatric treatment. Now Ruth is 9 and doing well. Roses are back in her cheeks. She no longer daydreams. She has many friends. She knows her folks love her, and that the world is a good place after all. Her future is bright, too.

Not many children need psychiatric help, but those who do should get it. Your girl may not be as lucky as Joan and Ruth. But she should have the chance. Don't delay.

READERS' FORUM

(Q)—"My 14-year-old son has acne pimples. He has tried all the remedies advertised on TV, without improvement. Is there any cure for acne?"—Mrs. J.D.

(A)—Doctors have seveal ways to overcome acne. Take your son to your family physician first. If he doesn't succeed, ask him to refer you to a dermatologist.

WEAR IT ONCE, THROW IT AWAY

Actress Stella Stevens models the latest high fashion gown, a $250 dress made of black transparent paper which is supposed to be worn once, then tossed in the waste basket. Designer Louis Margliano says you can't see through the material as long as it retains folds which Margliano calls "sculpture." The paper can be cleaned but if it's pressed the sculpture comes out and it becomes transparent cellophane. So you just throw it away. (AP Wirephoto)

Ross Homes To Be Opened For Parties Two Weekends

By FLORENCE DONNELLY

On consecutive weekends,, parties are being given in Ross homes. Sunday Leon and Nana Smith are hosting a large cocktail party. They've invited their friends and those of their son Leon Jr., who has just been graduated from Oregon State in Corvallis, and their daughter, Sue, who'll be a senior there next term. Mr. and Mrs. Donald Jeffries will be hosts at a cocktail party and supper on July 15 to entertain about 50 friends.

IT WILL BE A BUSY weekend for Frank and Mary Baumgarten, who'll leave their home at Ridgeview Farm Fairfax a week from Saturday for the Peninsula. They'll attend the party Mr. and Mrs. Duncan McBryde are giving at their home in Woodside Saturday night. The McBrydes, who lived in Honolulu until recently, also have a house in San Francisco. Mrs. McBryde is a member of one of the old families of Hawaii and her husband was an executive of Matson Navigation Co. until his recent retirement.

Frank and Mary will be overnight guests of Mr. and Mrs. S. Wright Moncuse of Atherton and go to the wedding of Victoria Valerie Post and Norman Neuberger Sylvester Sunday at 3 p.m. at Stanford Memorial Chapel. The Baumgartens will go on to the reception following at the Atherton home of Vickie's father, Alexis Post, and his wife. Vickie's mother is Mrs. Harold Glenn Wells. Vickie resided in Kent Woodlands for many years with her father and his late wife, Irene Post. Mary and Frank will return to Marin to attend the Donald Jeffries' party.

MR. FRANK BAUMGARTEN HAS set Dec. 22 as the date for the champagne party she will give for her goddaughter, Camille (Mimi) Timberlake, who will make her debut at San Francisco Cotillion. Mimi has just returned from a year in Europe. She attended a Swiss school at Le Grand Verger. Mimi's roommate was Brian Dougherty, of Berryville, Va. a small town where Mimi's father, Frank Timberlake, was reared. Brian invited Mimi to her debut this summer in Wilmington, Del. Mimi won't be able to attend, but she and her mother, after graduation, attended several deb parties in London. She was a guest at the debut ball of Felippa Hopwood. Earlier Mimi went to the races at Ascot with English friends and met Queen Elizabeth and the Queen Mother.

A COMPLETE SURPRISE was the patio dinner party given for Mr. and Mrs. Edward Kraft at their home in Tamalpais Valley in celebration of their 25th wedding anniversary.

Among those present were the honored couple's daughter, Judy Kraft, Mrs. Kraft's mother, Mrs. Edward Copeland of Eureka; Mr. and Mrs. Lloyd Canham and Richard Canham, Miss Alma Kraft and Bill Canham of Mill Valley, Mrs. Raymond Badger of Cotati, Mr. and Mrs. Fred A. Brusati of San Rafael, Mr. and Mrs. Roy Canham of Menlo Park and sons, Clark and Gregg, and from Fremont came Mrs. Tony Roberts with her son, Edward, and Mrs. Vernon Roberts.

IT'S BEEN A HAPPY reunion at the Mill Valley home of Mr. and Mrs. Frederick Greenland. Her sister, Mrs. Claude Lewis Jr. of Philadelphia, Pa. her sons, Claude Lewis III, who is 11 years old and David Lewis, 10, are here for a month's visit. It is 17 years since the two sisters have been together. It was then Mrs. Greenland left Philadelphia, where she was born and reared. For the first time Mrs. Lewis met the Greenlands' daughter, Pamela, a senior at Marin Catholic High School, and her son, Bruce MacDonald Greenland, a recent graduate of Tamalpais High School. The Greenlands took their guests to many picturesque places in Marin and to Tahoe and Carmel. Mrs. Lewis and her sons leave the end of next week.

MRS. C. FRED HOFFMAN of Sausalito is taking reservations for the luncheon to be given Monday at the Sir Francis Drake Hotel in San Francisco for Miss Robbie Burton, alumnae director of Hollins College in Virginia. Hostesses will be Bay Area alumnae.

Scout Day Camps To Open

The first sessions of Girl Scout day camp will start on July 9. Brownie Scouts in the Novato and Hamilton Air Force Base neighborhoods will attend camp at Stafford Dam. Mrs. Samuel Stephens of Novato will serve as camp director.

Sky Oaks, Fairfax, will be the camp site for Brownies from other neighborhoods, with Mrs. Paul White of Mill Valley heading the staff.

Intermediate Scouts will attend day camp at Arequipa, where instructional swimming has been added to the regular outdoor program. Mrs. Lafay Stapp of San Rafael Meadows is camp director.

Staff members of all day camp sessions are volunteer leaders for the two-week periods.

MRS. JESSE A. COFFMAN JR.

Coffman-Klyse Rite In San Rafael

Mr. and Mrs. Charles C. Klyse of San Rafael are announcing the marriage of their daughter, Catherine Arline, to Jesse A. Coffman Jr. Thursday evening at the First Congressional Church of San Rafael. The Rev. Lincoln Brown Wirt officiated.

Mary Kay Schlee of San Rafael was maid of honor and Darrell Schlee served the bridegroom as best man.

The couple will live in San Rafael following a wedding trip to Carmel.

Catharine is a San Rafael High School graduate and she attended the College of Marin. She is employed by the Bank of America in San Rafael. She is the sister of Charles Douglas, Clyde and Christopher Klyse and the granddaughter of the late Mr. and Mrs. John Klyse and of Bernard George Nienstadt of New York, and the late Mrs. Edward Waldemann.

The bridegroom is the son of Jesse Coffman and Mrs. Robert Walker of Greeley, Colo. He attended Greeley schools and just completed four service with the Air Force. He is employed by the Commercial Development Co. of San Rafael. Kenneth Coffman of Sunnyvale is his brother.

Marin Women

Paulann Ross Betrothed To F. J. Cherne Of San Anselmo

Mr. and Mrs. Paul Ross Jr. of Mill Valley announce the engagement of their daughter, Paulann, to Frank Joseph Cherne Jr.

Parents of the future bridegroom are Frank Joseph Cherne and the late Mrs. Cherne of San Anselmo.

The bride-elect was graduated from Tamalpais High School and attended the College of Marin, where she was a member of Chi Nu Theta. She has one brother, James Lee Ross of Cotati. Her grandparents are Paul H. Ross of San Francisco and the late Lucille Ross, and the late Mr. and Mrs. Clarence M. Hill of San Francisco.

Frank is a graduate of Sir Francis Drake High School and of the College of Marin. He has his own business, "Frank's Rock-Swap" in San Anselmo. His grandparents are the late Mr. and Mrs. John Cherne of Oakland and the late Mr. and Mrs. William J. Foster of Fairfax.

No date has been set for the wedding.

THE ENGAGEMENT of Paulann Ross and Frank J. Cherne Jr., has been announced.

Tamalpais Nursery Summer Session Opens This Week

Summer session for the Tamalpais Nursery School started this week, marking the beginning of the second year in the new school building at Camino Alto and Sycamore Streets in Mill Valley.

The non-profit school also begins its seventh year as a community service providing early childhood education in separate sessions of nursery and pre-kindergarten classes.

Mrs. Philip Pratt, nursery school principal, will continue in this capacity during the summer session. She will then be on leave from the post she has held for five years. She will be succeeded when the school reopens on Sept. 16 by Mrs. John McEvoy, also of Mill Valley.

"After a year's use, we have nothing wrong with the design and use of our model nursery and kindergarten, playyard and building," said Mrs. Pratt.

Parents interested in enrollment of children from the ages of three to six years may call Mrs. Robert Bastian, executive director. Vacancies are still available in the summer session, two-day nursery schedule and the pre-kindergarten class in the fall.

Mrs. Joseph Bare, chairman of the board of trustees, announces that Mrs. McEvoy, who has her degree from San Jose State College in education and music, also has several years of experience in teaching young children, and is a member of the Tiburon Peninsula Nursery School staff. Mrs. Bare will announce later the replacement for Mrs. Rachael Hodgkinson, who has retired and moved to Lake County.

PROPHETIC NEW LINE

A new line with skirt flaring from under a gently emphasized bosom, is carried out in a fabric with stay-fresh, packable qualities. Designed by Alamor in Calvert's check of Celanese Arnel triacetate and cotton, a dress that says no wrinkles and is hand washable.

FOOD AND THE FAMILY

Effect Of Diet On Life Span Studied

Fourth of five articles on what and how well Americans are eating.

As the Spanish explorer Ponce de Leon once sought a fountain of youth in what is now the state of Florida, a large number of serious research scientists have for years been feeding animals and insects artificial diets to see whether the life span of these species could be extended.

Based on the results of these laboratory studies, the scientists say that there seems to be no reason why most men should not live a productive and satisfying life of over 100 years, and that application of nutritional principles now known, but not entirely understood, will play an important part in such increased life span.

Excess amounts of niacin in their diet make rats live longer. But proof that the same is true for men is impossible with present techniques. In the main, doctors who specialize in treating the aged are more concerned with keeping man's life healthy and productive during his present average life span of a little more than 70 years.

STUDIES OF nutrition's role in this important project have usually concentrated on specific diseases afflicting the aged, notably the role of fat intake on our current high mortality rate from cardiovascular disease or the effect of nicotinic acid (another name for the B vitamin, niacin) in counteracting reduced blood flow in arteries that supply the brain.

But in 1957, three researchers at Michigan State University published results of a detailed study of the diets of 117 older women (40 to 85 years of age) and the seeming effects of their diet on their over-all health and their mortality. The women were interviewed over a period of seven years, starting in 1948.

There were some surprising findings. About half of the women were overweight, yet these were the very women whose energy intake in terms of caloris was considered low and whose diets were judged poor in quality.

Only one woman in 20 in the test group reported a diet that supplied even 80 per cent of recommended amounts of calories, protein, calcium, iron, vitamin A, thiamin, riboflavin and vitamin C. There were frequent reports of diets containing less than 40 per cent of recommended levels of calcium and vitamins A and C.

HERE IS WHAT these researchers found with respect to the well-being of the group as the subjects themselves reported symptoms: "In both years (1948 and 1955), over 40 per cent of these women complained of unexplained tiredness, pains in the joints and shortness of breath. In 1955 more women complained of loss of appetite, constipation and a tendency for the ankles to swell than in 1948. Vitamin A and ascorbic acid (vitamin C) intakes below 40 per cent of recommendations were reported more frequently by women with six or more symptoms . . . the mortality rate was higher among women who reported intakes of less than 40 per cent of recommended quantities of one or more nutrients than among those with higher intakes of nutrients."

The study was a small one, but the results are suggestive, especially when coupled with experimental work with animal diets in which the same conclusions have been drawn. Older men presumably suffer the same poor nutritional status.

That the state of the Michigan women isn't unusual for older people was confirmed by nutritionist Agnes Fay Morgan in her classic study of 577 persons over 50 in San Mateo County. Dr. Morgan found that, although 75 per cent of her men and women were in economically comfortable circumstances, appreciable percentages consistently ate foods deficient in calcium, iron, riboflavin and vitamins A and C.

IN RECENT YEARS there have been reports from Europe of remarkable rejuvenating effects of carefully spaced shots of procaine (the compound dentists deaden pain with), but these effects have not been confirmed by U.S. physicians. Many of the latter suspect, however, that proper attention to sound nutrition throughout life would show as dramatic effects as are claimed for the procaine shots in Europe.

(The next article will deal with some of the things science would like more knowledge about in the field of nutrition.)

FACE AND FIGURE

Step Up Regular Skin Care During Drying Summertime

By NANCY TAYLOR

The temptation to abandon regular skin care on hot days is almost irresistible. A vigorous scrub-up with soap and water feels wonderful, and is—provided your skin is normal or oily. But, if your skin is the slightest bit dry (or if you are over 30 years of age)—summer is no time to let up on your regular beauty routine.

Cleanse with your usual cream or lotion, then remove with tissue. Follow the skin toning lotion or freshener that you have cleverly kept in the refrigerator. (A delightful two-in-one cleanser and facial pick-up).

Unless your skin is excessively dry all over, apply your moisturizer or lubricant only on line-inclined areas—around your eyes and mouth, on your forehead, or throat.

DON DARK GLASSES every time you step into the glare and you'll not only help prevent aging squint lines but also—in protecting your eyes from daytime dazzle, your sight will be keener (and your eyes brighter) after sunset. Choose specs with really dark lenses and frames in colors and shapes most flattering to you.

DON'T LIMIT their wear to the beach; wear them also on the blazing street. Beware of cheap dime-store sun glasses. They can harm your eyes. Visit a good optometrist and have him provide you with a quality-lensed pair of sun glasses. Your eyes are worth the extra investment!

YOU HAVE A gardenia complexion and want to keep it? Or, you tan unbecomingly? Then plot a campaign of summer "cover-up" fashions—with double emphasis on the warnings about reflected ultra-violet rays that can both burn and tan you without your knowing that you are even exposed.

Use a sun-screen cream or lotion each morning before makeup, not only on your face but also on any skin-exposed area—with half-hour repeat-applications when swimming or playing outdoors.

Crunchy Munching Pleases Farmers

Americans crunch on 1.43 billion pounds of celery a year, about 85 per cent of it, the green or pascal variety.

Celery has been considered a food for 350 years. Before it was a wild plant used only for medication.

Its earliest use as food was for flavoring. Not until the mid-17th century were the ribs and leaves eaten with oil dressing in France and Italy.

Weather Factors Forecast Sneezin'

NEW YORK (UPI) — Certain weather factors are good predictors of how bad the annual hay fever season will be, report investigators from the University of Michigan.

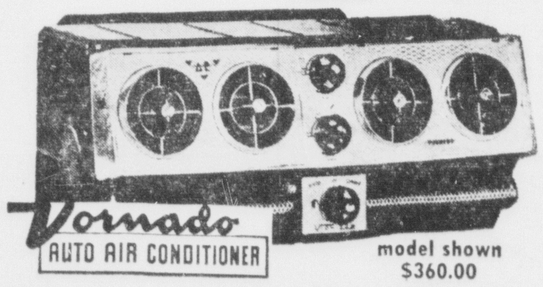

The researchers, headed by James B. Harrington Jr. of the department of engineering mechanics, reached the conclusion after studying weather and pollen counts for the last 16 years.

A warm rainy May and relatively dry June tend to increase seasonal concentration of pollen, the team reported.

FAIR ENOUGH

Earl Buskirk Sr. of 747 Tamalpais Drive, Corte Madera (right), was planning to finance his own trip to Seattle Sunday night to market the Key-Kapsule, a novelty key case he invented in the shape of the Mercury capsule, when he learned he had won a trip to the Seattle World's Fair at the Corte Madera Shopping Center. Also shown are Stephen Schuster (right) of Redwood Travel Agency and Harry Kramar.

39 Students Head Honor Roll List

Thirty-nine San Rafael High School students compiled 15 or more scholarship points to head an honor roll of 163 for the semester just ended, it was announced this week by Florence Abdaham, dean of students.

On the honor roll are 39 freshmen, 50 sophomores, 20 juniors and 54 seniors. These comprised 97 girls a nd 66 boys.

In the compilation of scholarship points, a grade of A counts 3 and a B counts one. No other grades count.

The top 39 students, their classes and point totals are as follows:

Terri Thomas, sophomore, 21; Susan Beare, junior, 19; Bill Drummond, senior, 19; Joan Houston, sophomore, 19; Bruce Howard, junior, 19; John McKinnon, sophomore, 19; Judith Parsons, freshman, 19.

Robert Akins, sophomore, 18; Sandra Bolt, freshman, 18; Marsha Meszaros, freshman, 18; Diane Nelson, senior, 18; Lynn Schau, freshman, 18; Paul Wilson, sophomore, 18; Kathleen Cazassa, senior, 17; Dan Ahern, sophomore, 16; Bill Andrewsen, senior, 16; Sue Bennett, sophomore, 16.

Kathleen Caven, senior, 16; Joan Danielson, senior, 16; Donald Day, junior, 16; Charles Fracchia, freshman, 16; Carolyn Grew, freshman, 16; Janice Gunter, freshman, 16; Barbara Johnson, sophomore, 16; Sheila Kennedy, sophomore, 16; John Krummes, freshman, 16; Andy Nixon, senior, 16; Jeanne Parsons, freshman, 16; Rita Polo, sophomore, 16; Wade Roberts, sophomore, 16; Margaret Sullens, freshman, 16; Brian Wells, sophomore, 16; Charles Zaloudek, junior, 16.

Bill Bowers, senior, 15; Sharon Johnson, junior, 15; Neil Murdock, sophomore, 15; Darrol Raven, senior, 15; John Rockwell, senior, 15, and Kenneth Wade, freshman, 15.

Lincoln Farm Still Under Cultivation

LINCOLN CITY, Ind. (AP) — Leo Sergesketter has farmed the Lincoln farm, which is to be made a national memorial park, for 40 years.

He became owner of the farm, on which young Abraham Lincoln helped his father, in 1922.

The U.S. Senate and House of Representatives approved bills in February to make the farm part of a national Lincoln Memorial Park.

REP. MILLER SAYS:

Proposals For Redwood Empire Gain

By REP. CLEM MILLER

WASHINGTON — While last week's headlines emphasized congressional action on the Farm Bill and the Trade Bill, my staff and I have also been occupied with other activity of importance to the Redwood Empire.

Here, day-by-day, aer some examples:

MONDAY

House Agriculture Committee approved 7.5 million dollar Napa River Watershed flood prevention project, following my testimony. Notified local sponsors — Napa County Soil Conservation District directors and Napa County Supervisors, including Supervisor Andrew Fagiani, "father" of the project.

In response to request from Marin County Board of Supervisors, set wheels in motion to help secure $70,000 appropriation for Army Engineer flood control survey of Novato Creek.

Conferred with Budget Bureau officials on my California Salmon Program bill and asked them to expedite completion of their report on it so that hearings may be held this year.

TUESDAY

House Banking and Currency Committee, of which I am a member, reported favorably on mass transit assistance legislation. (During hearings we were told that enactment will mean that Marin, Sonoma and Napa counties could secure rapid transit service 10 years sooner than otherwise.)

State Highway Commission phoned to report that its scheduled hearing on proposed West Marin shoreline highway has been postponed, as Marin County Supervisors and I had requested so the county can prepare its master plan for the area before the highway route is determined.

Alerted officials here that Marin County's application for $30,000 grant to help pay for master plan is on the way and asked for expedited handling.

WEDNESDAY

In response to my request, Interior Secretary Udall ordered an inventory and economic study of the natural resources in the King Range country of southwestern Humboldt County and northwestern Mendocino County. (This work, to be done this summer and fall, is preparatory to developing this resource-rich but long-neglected area, which contains 26,000 acres of federal public lands.) Asked Interior Department officials involved to consult with local government and local residents.

Received Noyo Harbor Commission resolution agreeing to meet all requirements of local cooperation in connection with proposed 13.5 million dollar breakwater project. (I had recommended this to increase our chances to secure congressional authorization and funds for the project later this year.)

THURSDAY

Testified before a House agriculture subcommittee, along with California Department of Agriculture representatives, in support of my bill to enable poultrymen to set up a self-help marketing order program on eggs. (California producers are now taking a loss averaging nearly 6 cents a dozen.)

Continued discussions with Rules Committee members on the need for action on my Point Reyes National Seashore Bill, now pending before the committee.

FRIDAY

Testified before a House education subcommittee on my bill to extend financial assistance to public and public school libraries. (I emphasized the need for library services in rural areas like Lake and Del Norte counties which have no county library systems, and in fast-growing suburban areas where the property tax base lags behind community needs. I said that the Mendocino County Library Demonstration project and the North Bay Cooperative Library System are working examples of how federal financial assistance can help provide better library service.)

Thanked the Army Secretary Stahr for release of Army reservist from active duty so that he can help his sick father maintain their Marin County ranch.

Disease List Led By Strep Infections

Streptococcus infections led the communicable diseases reported last week to the Marin County Health Department.

San Rafael, Novato and the unincorporated county each reported four cases of strep infections. Two cases were reported each in Mill Valley and Corte Madera, and one case was reported in Kentfield, making a total 17 cases.

Measles were in second place with seven cases reported: two each in Novato and Corte Madera, and one each in Sausalito, Tiburon and other unincorporated.

Five cases of gonorrhea were reported: one each in Sausalito, Mill Valley, Tiburon, Fairfax and other unincorporated. Two cases of mumps were reported in San Rafael, and one in Mill Valley. One case of syphilis was reported in Sausalito.

MARIN BUSINESS And INDUSTRY

By HARRY CRAFT

Two Radio-TV Stores In Novato Opening As Joint Firm Next Week

McKay and Conway TV-Radio Sales and Service, a new joint operation of two men formerly in the same business individually in Novato, is expected to open next week at 815 Grant Avenue in that city.

Ivory D. McKay had his store and shop at 972 Second Street; **John Conway** operated from 1120 Grant Avenue. They decided to connect circuits and bought the property formerly occupied by **C. E. Carlisle Hardware.** Renovation of the store is in progress.

EDWARD L. TURKINGTON, regional director of the **Small Business Administration** office in San Francisco, points out that there are other services besides that of being a lending agency in SBA programs.

These include assistance to small firms in selling their products, and selling to the Federal Government; the licensing of privately owned small business investment companies which in turn make term loans or provide equity financing; assistance to small firms with their production or management problems; assistance to state and local development agencies.

SBA can also help with research and development, entering export markets and counseling, he said.

The SBA office in San Francisco is located at 525 Market Street.

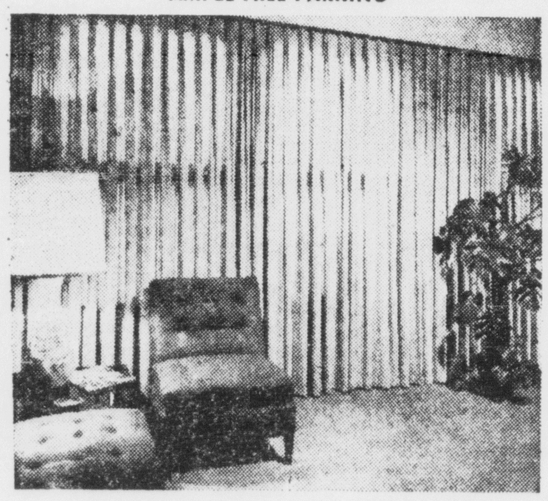

WILLIAM H. McDEVITT Construction Co. of San Rafael has been awarded a contract to build the 80-bed **Central Convalescent Home** in San Francisco's Western Addition redevelopment area. A group of Marin and San Francisco investors are the owners of the project.

The $432,000 two-story rehabilitation center is located at Ellis, Laguna and Willow streets. It will be of earthquake-proof construction utilizing concrete blocks, aluminum and glass, with concrete floors, walls and ceilings on the lower floor. All details of construction and landscaping are being handled by McDevitt.

Features include a central garden courtyard with access to each of the rooms, library lounge, dispensary, stainless steel kitchen, treatment rooms and laundry and storage space.

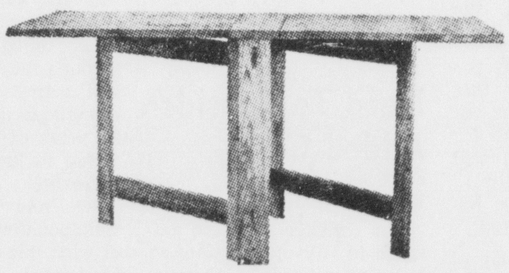

WE HEAR that **Henry Stout** who opens the **Village Gallery** at 230 Greenfield Avenue, San Anselmo, next Monday has been scouring the country for antiques to stock his store.

Here's one he picked up that should be a curiosity—a gold eagle (but made of zinc) with a six-foot spread that once adorned the historic old Mariposa County court house years and years ago, before it was torn down.

We Wish Sen. Burns Luck In Returning Cross Filing

It was a real pleasure the other day to hear Senator Hugh M. Burns, Democratic leader and president pro tempore of the State Senate, come out flatly for a return of cross filing.

Burns not only supported the idea, but he promised he would introduce legislation in the 1963 legislative session to bring it about. He'll be around to do it, too. He was unopposed in Fresno County for the Democratic nomination and he won the Republican nomination with a large write-in vote.

Burns believes, and has for a long time, that the voters can tell the party of a candidate who has (R) or (Rep.) or (D) or (Dem.) after his name. "I think the voters know what they are doing when they go to the polls," Burns declares, "and I think they should have the opportunity to vote for the candidate they want regardless of party."

After this year's primary Secretary of State Frank Jordan agrees. Without cross filing "people write in all kinds of names," he declares. This brings in complaints (and slow ballot counting) from county clerks all over the state who "have to tabulate every write-in, even Mickey Mouse."

Write-ins "have increased tremendously since cross filing was abolished," Jordan declared. "When people can't vote for whom they choose, they write in anybody or anything that happens to come to mind."

We have always favored cross filing with proper party identification. It tends to produce a more independent legislature, freer of party discipline, and more directly responsive to the people rather than to the party.

We agree with Senator Burns and wish him well with his bill next January. We aren't too hopeful. The Senate might well give it careful consideration. But the Assembly next year will be about 40 per cent freshmen legislators. We fear they will be too unsure of themselves to go far towards changing the system under which they were elected.

But we hope the Senator keeps trying.

THAT'S THE WAY BALLS ARE CHAINED!

THREE MINUTES A DAY

By JAMES KELLER

GRATITUDE OFFENDS NO ONE

A check for $100 from a grateful graduate was a pleasant surprise for Cornell University officials.

He sent this note along with the gift:

"You and Cornell have done a lot for me. This is a very small token of my appreciation. I hope the university can put it to good use."

The graduate completed his university courses "only after a difficult struggle" and his gift represented "a considerable financial sacrifice," one professor said.

Gratitude, whether expressed in the form of a gift or just a word of thanks, can be rewarding to the donor as well as the beneficiary.

A half century before Christ, Cicero said: "Gratitude is not only the greatest of virtues, but the parent of all the others."

Seek every way possible to show your appreciation to others. And let your last prayer at night be one of thanksgiving to the Lord for all the blessings of body and soul that He has bestowed upon you.

"Give thanks to the Lord, for He is good, for His mercy endures forever."
(Psalm 135:1)

Thanks to You, Almighty God, for all that I am and hope to be.

MARIN LOOKS AT POLITICS

Young Republicans Try To Link Miller To The Liberal Papers

By CHAPIN A. DAY

Young Republicans meeting last weekend in Salinas took the opportunity to push through a resolution which they hope will plague Rep. Clem Miller of Corte Madera. Every delegate from counties of the First Congressional District joined in sponsorship. Marinites among those present were State Treasurer John Clow, Marin President Chuck Michals and board member Tom Moss.

'CHIP' DAY

The resolution takes note "the recently published 'Liberal Papers' have been characterized as a document advocating 'surrender on the installment plan.'" It linked Miller and Rep. James Roosevelt to "the so-called 'Liberal Project' which originated these essays."

The "Liberal Papers," the resolution says, call for "U. S. recognition of the Communist puppet regime of East Germany; expulsion of West Germany from NATO; U. S. sponsorship of Red China for UN membership; U. S. recognition of Red China's claim to Formosa and the Pescadores; U. S. abandonment of her missile bases in Europe, and for allowing the Russians to plug in our own DEW (Distant Early Warning) line."

The YRs call on Governor Brown and Democratic State Chairman Roger Kent "to repudiate the 'Liberal Papers' and those associated with it as being alien to the founding principles and traditions of the Democratic Party."

Miller has repudiated his connection with the papers; the governor and Kent aren't likely to repudiate Miller.

The YRs also approved another resolution introduced by Michals calling on the State Bar Association to disbar all Communist lawyers in California. Twenty-three of 39 lawyers named Communist are in California, the resolution declares.

WHILE MENTIONING the YRs, might mention that Judge Thomas Coakley of Mariposa, GOP candidate for state attorney general, will speak to the group July 17 at Bermuda Palms, San Rafael. The public is invited.

IN THE SLIGHTLY older Republican group, the County Central Committee, former District Attorney William O. Weissich is making quite a pitch for chairman.

At the group's gathering last week, last meeting for the outgoing committee, Weissich announced himself as a candidate and asked if there were others who planned to seek the job.

Chairman David Winslow, who still maintains he won't accept it again this year, ruled Weissich out of order, that the matter should be before the new committee, not the old.

The new committee by law must hold its organizational meeting next Tuesday. The same for the new Democratic County Central Committee.

WE'VE MENTIONED several times various totals of votes made public in the First Congressional District primary last month. The "official results," we're told, is now Clem Miller 69,388 Democratic votes; Don Clausen 60,594 Republican votes—an 8,744 vote difference.

WHAT OUR READERS SAY

Jail System Needs Wise Change

EDITOR,
Independent-Journal:

In a tangle of personalities, counter charges (and the inevitable typographical error!) one main issue gets buried deeper and deeper: the exact responsibility for the health of a prospective county jail prisoner.

If he is ill in any form, he should be treated medically first and socially second.

This, I believe, was pointed out quite clearly in a letter last week.

There are now available in the county, good emergency facilities for all types of medical and psychiatric problems (including alcoholism). After treatment, a disposition of the prospective prisoner should be made as circumstances indicate.

If any blame MUST be placed, it seems only right to delegate it to a loosely enforced set of rules on the type of care given, who is qualified to give it, and who is the qualified recipient.

One man's death has brought to light the need for a real change in the present system. Let's hope it is a wise one.

Need To Consider Added Costs

EDITOR,
Independent-Journal:

The distance from the entrance to Hillview Gardens to Neil Cummings School by way of Palm Hill is two and two-tenths miles. The distance from Hillview by way of Madera Gardens is two and six-tenths miles.

These figures become very significant in connection with the plan of the Larkspur-Corte Madera school board to have all seventh and eighth grade pupils attend Neil Cummings School. It should be noted that this school is located near the periphery of the L.C.M. district.

The L.C.M. district is essentially residential. As a consequence the tax base is quite thin. We have the very serious problem of providing new classrooms for an increasing pupil population. To assume that we can also provide transportation for all of the students involved in this program is not being realistic . . .

As indicated by the chairman of the committee on articulation there may be certain fringe benefits to be hoped for, when (as seems certain) this new arrangement is adopted. However, it should be pointed out that there are some probable fringe detriments. Some of these are:

(a) A child in the age-group involved needs the security of having one teacher the major part of the day. The new program reduces this to a considerable extent, since the pupil moves from teacher to teacher by the hour.

(b) Large numbers of children will be forced to travel on foot, by bicycle, by car, or Greyhound bus to and from school each day. In this regard it is not difficult to visualize groups of students traveling as much as two miles each way on foot or by bicycle . . . Imagine, if you will, groups of such pupils going through town roughing it up, and acting as such groups sometimes do. Girls, 12 and 13 years of age will be subjected to hazards in increasing extent . . .

(c) From the economic standpoint we should consider what this change will do to the tax rate. This type of program is expensive. It involves new rooms, new facilities, new administrative, clerical, and counseling personnel. These facilities and specialized services cost a great deal of money. I believe it is better to stay with the program we can afford.

(d) This change will cause the displacement of the younger children at Neil Cummings School, both as to classroom and recreational space and facilities.

It would be much wiser to strengthen the programs we now have in our four schools rather than to embark on this new and expensive plan which has few, if any, advantages and many serious disadvantages.

It is most urgent that all citizens of the Larkspur School District interested in the welfare of children attend the meetings of the school board and express their opinions on this matter.

The board meets July 10 and 24.

TRY AND STOP ME

BENNETT CERF

When Irving Levine was acting as Moscow correspondent he once tried out a new transistor radio on a Soviet train. The Russian seated next to him tried desperately to contain his curiosity, but finally could stand it no longer. The way he phrased his question was this, however: "We have those things, too. What is it?"

Levine met another Soviet citizen who had just returned from a guided tour to Denmark. "Economic conditions there," he reported, "are desperate. The Danes obviously are penniless. There wasn't a line in front of a single shop!"

A patient rushed into a neurologist's office and cried, "Doctor, Doctor! The ghosts of my ancestors have taken to descending upon me every night enmasse. They perch on top of the fence posts around my garden and scream epithets and imprecations at me. What can I do?"

The doctor replied thoughtfully. "Do not concern yourself, my good fellow. Just sharpen those fence posts."

I-J REPORTER'S NOTEBOOK

By AL BOCK

How About Higher Wages, Shorter Day For Everyone To Enjoy Marin

Time on our hands is supposed to be one of our most irksome present-day accomplishments.

This is what sociologists suppose.

They say people no longer can enjoy 10 or 16 industrious, instructive hours a day at the factory.

Instead, people must spend more time away from jobs, where they are under the attentive care of their employers. Rather than putting in a good, long day's drudgery, today's worker goes home early and has a choice of idle hours with his family or departing on a search for some sort of amusement.

THIS DILEMMA of what to do results, say those who probe our society, in indolent youths lying around waiting for something to happen. That "something" might be mayhem, the sociologists warn.

While the youngsters impatiently await trouble, the adults are supposed to sit helplessly before the TV set and gradually deteriorate into half-wits.

Such grim arguments against leisure are dark plots to distract us from the ideal of a long and gentle life.

HERE IN MARIN we are told we have all the ingredients—climate, land, sea, sun, culture—for a proper reflective existence.

During the past week or so the laborers, carpenters, cement masons and plumbers have won more money and more time in which to spend it. Soon the bakers and maybe even the candlestick makers expect to get similar benefits.

This is bad, the social critics say. All that time and money, and nothing worthwhile to do.

They might enjoy the pleasures of Marin. No, the critics say, it's not that simple. These people must be shown how to use their "new-found leisure time." Or better yet, don't give it to them in the first place. There's nothing like a good day's work.

LABOR UNIONS plan to go even further and upset our economy, I hear, by demanding a 35-hour week and the same rates of pay. (A little upset might do no harm to an economy that's dragging its feet anyway.)

Shorter working hours for everybody would mean more jobs and more efficient production in the long run. There are arguments against this, but they're the same ones brought forth when the 60-hour week was reduced.

Saying that people don't know what in the world to do with their spare time makes one false assumption: that men have forgotten how to imagine, invent and create and make themselves happy with what they've done.

EVEN IN MARIN, however, civilization is getting complicated. C. P. Snow and his troops of scientists are moving faster than the individual can keep up, and the effects of automation make it tougher for one man alone, despite all F. R. Leavis's protests, to attain Laurentian self-fulfillment.

As long as our economy must be set up on the notion of profit-making, I'm in favor of high wages and short days for everybody, with plenty of time for profits that aren't so tangible.

ROSCOE DRUMMOND

Speaker Saved Day For Trade Act By Working With Republicans

WASHINGTON — There is credit enough for everybody in the Kennedy administration's magnificent accomplishment of winning decisive House approval for the Trade Expansion Act.

This is the most valuable and significant initiative the United States has taken since the passage of the Marshall Plan and the creation of the Atlantic Alliance through NATO.

The President deserves the highest praise for the strong and, as it first appeared, politically riskful leadership he has given to the cause of bringing the U. S. behind the European Common Market to the advantage of the whole free world.

DELAY MIGHT NOT have been fatal, but it would have been hurtful. In consequence, the U. S. is showing the nations of the prospering European Economic Community that it is an active, forehanded ally, not just a last-minute petitioner for trade opportunities.

The result—a House vote of 298 to 125 with almost certain Senate approval later—comes at the best possible time under the best possible circumstances.

When I say that there is credit enough for everybody in bringing the Trade Expansion Act into being, it should be clear that the bill could not have passed without Republican support.

FEW WORKED for it harder and to better effect than Alf Landon, the unforgotten man of the 1936 Presidential election. It had active backing of Gen. Eisenhower and Richard M. Nixon.

But most crucial of all, when the administration lost 44 Democratic votes on the motion to recommit it to committee, the day was saved by 43 Republicans whose arguments and votes were indispensable to avert calamity.

While the President's vigorous and lucid advocacy of the bill has been good from the beginning, some of the White House legislative agents almost made it impossible for Speaker John W. McCormack and Ways and Means Chairman Wilbur Mills to work constructively and effectively with the Republican supporters of the bill.

These Republicans, such as Congressmen Curtis of Missouri, Schwengel of Iowa, Judd of Minnesota, Scranton of Pennsylvania, Lindsay of New York, as outstanding examples, certainly felt that the White House aides were heedlessly spurning friendly Republican proposals at every point to make the bill an untouched administration draft so that it could claim total political credit.

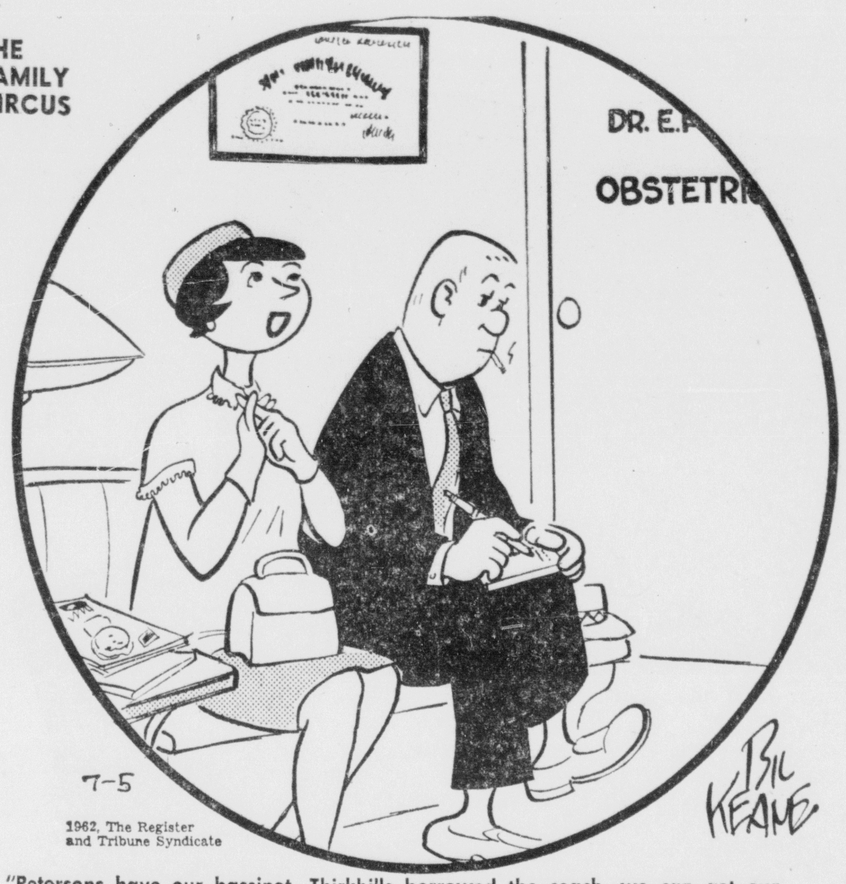

On this point Speaker McCormack wisely followed his own independence views. In so doing he served the cause of the President better than the White House staff.

IF McCORMACK had not worked constructively with the Republican supporters, the administration could well have lost everything. At the end, he was victorious, the bill was victorious, and the speaker had the magnanimity to say that, as passed by the House, the Trade Expansion Act "was bi-partisan in thinking and bi-partisan in action."

The principal opponent of the European Common Market and of the American initiative to extend its trading structure to other free nations it not a member of Congress. He is a member of the Supreme Soviet. The name is Khrushchev. He can't abide this development. Calls it unfair to Communists. Wants the U.N. to cancel it.

For good reason. The evolving free-world trading community has the potential of changing the whole face of the cold war by creating a permanent preponderance of economic, political, and military strength, which will be irresistible.

HOW TO PLAY WINNING BRIDGE

By ALFRED SHEINWOLD

This Hand Illustrates Principle Of Medicine

"When I was a medical student," said Dr. Pierre Jais, who recently won the world pair championship with Roger Trezel, "I was taught never to offer a dinner menu to a patient who had a bad cold. And this bridge hand shows why."

South dealer
Both sides vulnerable

	NORTH ♠ J 9 8 7 ♡ A Q 10 9 3 ◇ 4 ♣ K 6 5	
WEST ♠ A 5 ♡ K 8 7 6 ◇ J 9 6 3 2 ♣ Q 10		EAST ♠ 4 3 2 ♡ 5 4 2 ◇ Q 10 8 7 ♣ J 8 2
	SOUTH ♠ K Q 10 6 ♡ J ◇ A K 5 ♣ A 9 7 4 3	

South	West	North	East
1 ♣	Pass	1 ♡	Pass
1 ♠	Pass	4 ♠	Pass
4 NT	Pass	5 ◇	Pass
6 ♠	All Pass		

Opening lead — ♠ A

West led the ace of spades and continued with another spade. South cashed both top diamonds, discarding a club from dummy.

Then he took the king of clubs, the ace of clubs and a club ruff in dummy.

But now there was no safe way to ruff the losing diamond in dummy. If South takes the ace of hearts and ruffs a heart, he can then ruff a diamond in dummy but has to use up his own last trump to get back to his hand. East still has a trump lurking in his hand.

CORRECT ORDER

South makes the slam easily by taking his ruffs in the correct order. He wins the second spade, cashes the top diamonds to get rid of a club in dummy, but then must ruff the low diamond before tackling clubs.

After ruffing the diamond in dummy, declarer cashes the top clubs and ruffs a club in dummy. Now he cashes the ace of hearts, ruffs a heart to reach his hand and draws East's last trump.

RIGHT SEQUENCE

Every play is very simple, but the contract depends on making the plays in the right sequence.

I should have had enough sense to thank Dr. Jais for the fine hand and walk away, but I fell for his medical student bit. "What does this hand have to do with dinner menus and colds?" I asked.

"Important medical principle," the doctor replied. "You must never put the carte before the hoarse."

For Sheinwold's 36-page booklet, "A Pocket Guide to Bridge," send 50¢ to Bridge Book, Independent-Journal, P.O. Box 330, San Rafael.

The Rhein-Main Airport near Frankfort, Germany, last year became the third in Europe to handle more than two million passengers annually. London and Paris are the others.

ALMANAC

Today is Thursday, July 5, the 186th day of 1962 with 179 to follow.

The moon is approaching its first quarter.

The morning stars are Mars, Jupiter and Saturn.

The evening star is Venus.

On this day in history:

In 1865, the Salvation Army was founded in London.

In 1945, Gen. Douglas MacArthur announced that the Philippine Islands were liberated and the campaign could be regarded as virtually closed.

In 1961, 80 persons died in a riot in Algeria.

A thought for the day: Benjamin Franklin said "He that goes a borrowing goes a sorrowing."

Scientists Asks Just How Alcohol Affects Humans

By DELOS SMITH

NEW YORK (UPI)—A scientist has appealed to fellow scientists to pull up their scientific socks, in a manner of speaking. He complained that despite much effort over the past 20 years, science has made little if any progress in advancing man's knowledge "of how and in what way alcohol affects human behavior."

Dr. John A. Carpenter of the Rutgers University center of alcohol studies had been over the accumulated mountain of investigations with a fine scientific comb, looking for "scientific validity" and for originality. He found very little of either.

"Scientific validity" is the outcome sought in all scientific work. If it is achieved there is no room for question or doubt. Carpenter found that scientific investigations of the influences of strong drink on people asked many questions and engendered much doubt.

For instance, many scientific investigations have found that drinking lessens the ability of the individual to drive a car. But all the tests have used either a laboratory "driving simulator" in which no actual car was involved or blocked-off private roads without traffic.

Carpenter said it was scientifically permissible to wonder if drivers with one drink or a few drinks under their belts were as seriously concentrated upon their driving under these artificial conditions as they would have been out on a highway.

He also questioned the repeated scientific finding that even a very low level of alcohol in the blood impairs driving ability.

Maybe the finding is correct but scientifically it is open to question. Carpenter granted that scientific validity was difficult to achieve but scientists should have the imagination to devise experiments that would achieve it.

In this matter of scientific imagination, he found that much "experimental design" in testing alcoholic effects was aimed at proving or disproving commonlyheld theories concerning those effects.

Such experiments begin with a preconceived idea, and it would be scientifically better for experiments to begin with the entirely open scientific mind, Carpenter said.

In his critique in the quarterly technical journal of the Rutgers University study center, he also pointed to "the traditional idea that intellectual functions are particularly susceptible to deterioration by alcohol."

Some scientific efforts to prove or disprove that with scientific validity failed to demonstrate any deterioration.

Others failed to prove the degrees of deterioration which had been expected. Still others found that at some alcohol levels in the blood, there was improvement in intellectual functions rather than deterioration.

Carpenter suggested that some of the trouble may be in the commonly held idea that intellectual functions are "complex" or "higher" or "fragile" when compared to other functions which alcohol affects when taken in sufficient amounts.

That could be true but science hasn't proved it, he said.

U.S. Consumer Buying Is In For Closer Scrutiny By Economists

By SAM DAWSON

NEW YORK (AP) — Consumer buying—the biggest thing in the U.S. economy—is in for closer than ever scrutiny today. The other chief forms of spending—by business and by government—are generally accepted as having pretty well taken shape for 1962.

Government spending is going to rise over the long range, stimulating certain industries, assuring some jobs and maybe creating some others.

Business spending plans can change, but most seem to call for a slight increase this year over last. And, anyway, business spending plans over the long range are tied to ultimate sales to the consumers and the government, or to prospects for such sales.

Any big jump in business spending probably will have to wait for idle production facilities to be activated by increased consumer demands.

So what the consumer is going to do is the chief concern right now.

Particularly puzzling the soothsayers is just how much, if any, Americans will cut back their buying of goods and services because of losses in the stock market, or because of fear of the future induced by the stock market crash.

The latest pulse taking of consumer psychology finds it "soberly optimistic but not exuberant."

The questioning by the University of Michigan Survey Research Center was done while stocks were sliding, but most consumers were contacted before the big break of May 28 and the morning of May 29.

Government statistics also lag. The Department of Commerce says, "retail sales continued at a high volume during May though they did not quite match the record total for the month of April."

Early reports of cutbacks in spending by consumers since the big drop in stock prices have concentrated largely in luxury items. Individuals who lost a lot of cash, or those who still have their stocks but aren't worth as much on paper as they once thought they were, are reported to have canceled plans to buy expensive houses, yachts, jewelry.

So far stores have reported little apparent cutback in the buying of moderately priced items.

But, even so, consumer spending isn't all that the economic planners would like it to be. A little more of it would give the economy a nice boost.

This is behind much of the drive for quick tax cuts, especially in the lower income brackets. Tax cut advocates contend that any such increase in disposable incomes would quickly find its way into trade or the payment for services.

But some economists doubt this. They concede that those who habitually spend all they make would increase their outlays if their tax bills were less.

But those who think they already are spending as much as prudence dictates might use the tax windfall to increase their savings.

New Nuclear Rod For Electricity

BALTIMORE (AP)—The Martin Company has announced that engineers at its nuclear division here have developed a simple ceramic rod which spontaneously generates electricity.

The device is a small strontium titanate rod, with strontium-90 concentrated at one end.

The radio-active strontium-90 spontaneously produces heat, which is converted into electrical energy through the thermoelectric effect in the strontium titanate.

The company said the efficiency of the new device is low and its power output only a tiny fraction of a watt, but engineers hope to produce a significant increase in both.

Commissioner Speaks

Gladys Snyder, representative of the state Park and Recreation Commission, suggested means of stirring community interest and of enhancing the value of recreational programs at a meeting Wednesday night of the Fairfax Park and Recreation Commission.

Miss Lynwood Park Will Be Picked Tomorrow

Miss Lynwood Park will be picked at a beauty contest at 3 p.m. tomorrow, as part of the summer recreation program for the Lynwood Park area of Novato.

More than 15 girls have signed up for the contest, said Mrs. Herbert Steinburg of 1286 Parkwood Drive, contest chairman. Any girl of the area between 13 and 19 years of age, may enter until the time of the contest, according to Mrs. Steinburg.

Girls will be judged in bathing suits at the home of Mr. and Mrs. Stanley Cahill of 1254 Lynwood Drive.

A swimming program for children and adults in the main part of the summer recreation program of the Lynwood Park Homeowners Improvement Assn.

NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE
No. 14439
Dept. No. 3

In the Superior Court of the State of California in and for the County of Marin.

In the Matter of the Estate of LEONARD A. BIELKE, Deceased.

Notice is hereby given that on or after July 30, 1962, at the hour of 2:00 o'clock p.m., the undersigned, BANK OF AMERICA NATIONAL TRUST & SAVINGS ASSOCIATION, a national banking association, as Executor of the Will of LEONARD A. BIELKE, Deceased, will sell at private sale, to the highest bidder, subject to confirmation by the above-entitled Superior Court, all the right, title, interest, and estate of the decedent at the time of his death and all the right, title, and interest the estate has, by operation of law or otherwise, acquired other than or in addition to that of the decedent at the time of his death, in and to that certain real property located in the County of Marin, State of California, described as follows:

That certain real property situate in the City of Fairfax, County of Marin, State of California, described as follows:

LOT 12, in Block No. 4, as per "Map of Manor," which map was recorded in the office of the County Recorder of the County of Marin, State of California, in Map Book 4 at page 55.

Subject to current taxes, covenants, conditions, restrictions, reservations, rights, rights of way, easements and encumbrances of record.

Bids or offers are invited for the property and must be in writing and may be delivered to the Executor at its office located at 637 Fourth Street, Santa Rosa, California, or to the office of its attorney, WALLACE S. MYERS, Wells Fargo Bank Building, San Anselmo, California, or may be filed in the office of the Clerk of the Superior Court at any time after the first publication of this notice and before the making of the sale.

Terms and conditions of sale: Cash in lawful money of the United States of America; ten per cent (10%) of the amount bid to accompany the offer and the balance to be paid upon confirmation of sale by the Superior Court. Taxes, rents, operating and maintenance expenses, and premiums on insurance acceptable to the purchaser shall be prorated as of the date of confirmation of sale. The examination of title, recording of conveyance, and any title insurance policy shall be at the expense of the purchaser or purchasers.

The property herein described is commonly referred to as 28 Olema Drive, Fairfax, California. The undersigned reserves the right to reject any and all bids.

BOARD OF DIRECTORS OF ALTO SANITARY DISTRICT
ORDER DESCRIBING BOUNDARIES OF TERRITORY PROPOSED TO BE ANNEXED, AND TERMS AND CONDITIONS OF ANNEXATION

On the 2nd day of July, 1962, the petition for the annexation of the property herein described was heard by the Board of Directors of the Alto Sanitary District upon due notice. No protests were filed, or all protests filed were overruled and denied by the Board.

IT IS HEREBY ORDERED that the boundaries of the territory proposed to be annexed are as follows:

BEGINNING at the Southeasterly corner of Lot 73, as said lot is shown and delineated on that certain map entitled "Map of Scott Valley Unit One, lying within and adjoining the City of Mill Valley, Marin County, Calif.", recorded August 4, 1960, and filed in Volume 10 of Maps at page 69 Marin County Records; running Westerly North 89° 25' 00" West 184.19 feet; thence along the Westerly line of Azalea Drive North 6° 07' 00", East 34.43 feet; thence along a curve to the right, tangent to the preceding course, having a radius of 515.00 feet, a central angle of 16° 30' 00", an arc distance of 148.31 feet; thence north 22° 37' 00" East 45.00 feet, thence leaving said Westerly line north 44° 47' 00" West 173.61 feet more or less to the center line of Vasco Drive; thence along said centerline the following courses and distances; North 43° 51' 55" East 108.95 feet, to the beginning of a curve; thence along said curve to the left, tangent to the preceding course, having a radius of 350.00 feet a central angle of 34° 0' 0" an arc distance of 207.69 feet; thence North 9° 51' 55" East 90.00 feet; thence along a curve to the right, tangent to the preceding course, having a radius of 700.00 feet, a central angle of 10° 12' 0" an arc distance of 124.62 feet; thence North 20° 03' 55" East 210 feet; thence South 68° 17' 00" East 157.46 feet to the Westerly line of the Northwestern Pacific Railroad right-of-way; thence along said westerly right-of-way in a general southerly direction along a curve to the left having a radius of 2889.90 feet, a central angle of 14° 11' 00" an arc distance of 691.88 feet; thence South 6° 07' 00" West 282.04 feet to the point of beginning.

IT IS FURTHER ORDERED that two terms and conditions were imposed upon said annexation, as follows:

(1) Determining a method of reapportioning the expenditures made by the District for the construction of sewerage facilities and the monies accumulated from past tax levies;

(2) A method of paying the costs of annexation proceedings.

PASSED AND ADOPTED this 2nd day of July, 1962, by the following vote:

AYES: DIRECTORS—S. L. Chapin, S. Dooray, W. Stickney, H. McNeil.

NOES: DIRECTORS—None.

ABSENT: DIRECTORS — D. Jones.

NEW WONDER WORLD
(SUBSIDIARY OF PARENTS' INST.)
Recognized as one of the finest materials available for children, praised by parents, educators and clergymen.
YOU
Are the only intangible in this profitable future. Obviously we cannot predict your initiative and ambition. We do know, however, that many men and women associated with us in sales across the country are right now earning in excess of $12,000 to $15,000 commission. If you can meet our qualifications we can offer you an unusual opportunity in the form of a prestige sales career, which carries the stamp of professional dignity and higher earnings.
Our program is sold on merits alone, no gimmicks. Work only leads. Your results will depend more on your efforts and willingness to master our procedures than any special experience or talent.
Car essential. Interviews will be held in your area. Call DO 2-0770, San Francisco, collect.

AUTO SERVICE MANAGER
Foreign car experience preferred. Write full particulars to Independent-Journal Box 514.

POSITIONS open for active salesmen in both Mill Valley and Greenbrae-San Rafael offices of Robert G. Cruickshank Real Estate. Apply at 187 E. Blithedale, Mill Valley. 388-7800.

W/1 yr. exper. municipal engr. pref. but not nec. 2 yr. C.E. exper. may be sub. for educ. Apply Publ. Works Dept. 3rd & E Sts. Closing date, July 16, 1962.

A MANAGEMENT OPPORTUNITY
Due to an increase in demand for our product, we are in the midst of a vast expansion program. We need Men who are willing to accept Management responsibility within a very short time. Men who are ambitious, willing to work, and of above average intelligence!
WE OFFER
Not a job but an opportunity! If you are among the Men selected you will receive complete training at company expense. Upon completion of this training we will place you in your own office where you will receive up to $1,300 per month. SALARY, COMMISSION, RENEWALS, OVERTIME. If it is an opportunity for success that you desire appear in person for confidential interview. Ask for MR. SIDGREAVES.

APPLIANCE service man, job permanent. Regular wage advancement schedule, training program. Previous exper. not required. Reply age, exper., & address to Indep.-Journ. Box 566.

Real Estate Salesman
Due to our building program we have a large number of prospective buyers visiting our homes under construction every weekend, and also through the weekdays. We feel that we are offering an excellent opportunity to an aggressive salesman. Even though he may not be successful in closing a sale on a new home on Sunday, he certainly should be able to sell one of those clients on a resale during the week. TARRANT REALTY, GL 4-0378 for appt.

FRANK HOWARD
ALLEN & SON
SINCE 1910

San Rafael Office, 4th & Grand, 456-3880

South Pacific $26,750
An island tea-house has been built in the sheltered garden of this 3 bedroom home, and sliding glass doors from the living room open to an intimate patio. Downstairs entertainment room equipped with bar, refrigerator. Large electric kitchen, nice breakfast room; dining area. Immaculate, newly painted, near playground. On quiet cul-de-sac. San Rafael.

Best Dollar Value $38,500
Outstandingly strong construction in this Corte Madera home, built by a top builder for himself. Four bedrooms, dining room, study or workshop, storage, 2½ baths; lifetime redwood siding, heavy shake roof; exceptional landscaping on large lot; patios, raised brick flower beds, redwood grove, espaliered fruit trees.

Cul-de-sac $38,500
Quiet wooded street, a secluded cul-de-sac. Oaks and madrones on the hill behind the patio, which has complete privacy. Nice planting surrounds this quality home, good details throughout. Three bedrooms, 2 baths, dining room. Greenbrae.

★ ★ ★ ☆ ★ ★ ★ ★

TRIPLEX
Three-unit building, each apartment has a view. Income annually is $3,240; two upper units are furnished. Adjacent lot included, zoned R-3.

★ ★ ★ ★ ★ ★ ★ ★

Family Home $44,500
From the roomy attic to the immaculate basement, this charming home presents comfort, space and a relaxed setting for good living. View over trees to S.F. skyline. Large appealing living room, sunny den, separate dining room, breakfast bar. Carpets, drapes, newly-painted throughout. Three bedrooms, sewing room, 1½ baths. All on a magnificent acre of landscaped beauty.

Hide-a-way $47,800
Bachelor's hideaway with commanding view of Nicasio Valley, Lucas Valley. Secluded, redwood, a truly spectacular site. Five wonderful acres, with roadway to additional building sites. Electric stove, refrigerator; dining-living room combination.

Custom-designed Pool $59,500
The luxurious pool in this conveniently located property was designed especially for its sheltered location, just off a covered lanai terrace. Details in the house make it an outstanding value: extra storage space, special lighting fixtures, exquisite lighting effects on pool patio; exotic and low maintenance planting. Three bedrooms, separate dining room, breakfast room in efficient kitchen. All in a park-like setting, near bus, shops. Greenbrae.

Prestige Location $79,500
Architectural awards have been given this contemporary home in the Country Club area. Design, space, livability, beauty and indoor-outdoor perfection set in a magnificently landscaped acre. Fireplace and rotisserie in the family room whose doors open to a protected entertaining terrace just off a wide sweep of lawn. Tree-shaded brick patio. Dining room, large kitchen, 3 bedrooms, work room in oversized garage.

Year-round Vacation $132,500
Both deep-water boating and swimming pool enjoyment are here, adjoining the handsome, exquisitely appointed home. Large entrance hall, dining room; family room off marvelous kitchen, with sliding glass doors to patio and pool. Four bedrooms, 3 baths (all large), 3,500 sq. ft. of living space; pool surrounded by large patio, bathhouse adjoining. Quality throughout.

Muir Woods Annex: $20,000

A Muir Woods couple will get $20,000 for 2.32 acres of level land, near Muir Woods National Monument, which the state wants to annex to Tamalpais State Park.

A Marin Superior Court jury deliberated for two hours Wednesday afternoon and decided that $20,000 should be paid to Edgar Lee and C. Ellen Isaacs of 690 Camino Del Canon. The property, with a stream running through it, is located at the entrance to Muir Woods National Monument.

The state had offered $8,000 for the land, but the Isaacs sought $75,000.

Attorneys for the state and for the Isaacs offered no argument to the jury's verdict.

PARIS MARIN STYLE

A Parisian outdoor cafe motif will highlight the preview of the 1962 Terra Linda Art Festival at the brand new Del Ganado Park starting at 8 p.m. tomorrow. Here members of the committee in Brahms sweatshirts, berets and leotards show how they'll serve cafe espresso and punch on red checked table cloths. Art Festival will run from Saturday through July 15. (Independent-Journal photo)

Great Day Close At Hand For Hearts

NEW YORK (UPI)—It may be the great day is close at hand when medical science will be able to bestow upon men the one indisputable benefit of being feminine without making them woman-like in any way.

This benefit is relative freedom from heart attacks and "strokes" in the middle years. It already is being bestowed to an impressive extent upon men who had one or more heart attacks and thus are ripe for new ones.

The means of doing so are the estrogens. These are hormones secreted by female adrenal and sex glands. They're the chemical essence of femininity. They're also credited with making female arteries more durable than male.

A medical science team led by Prof. Jessie Marmorston of the University of Southern California, Los Angeles, has been experimenting for almost five years with these substances and with men who had had heart attacks. This team now is reporting some very striking results.

There are (or were) 421 of these men who were "candidates" for new and perhaps fatal attacks or "strokes." They were divided randomly into groups as they appeaerd in two Los Angeles hospitals.

One group was treated with a chemically inert substance, a "placebo." Two groups were medicated with synthetic estrogens manufactured in the laboratory. A fourth group was given estrogens of obvious natural origin since they were made in the body chemistry of pregnant mares. All were in the form of pills to be taken daily.

There have been approximately one-half fewer deaths among this fourth group than among the others. Among men who were under 55 years old when they had heart attacks and who took mare-estrogens daily there was a 75 per cent lower death rate than among men of the same ages who took "placebo."

Among the men who were over 55 at the time of the heart attack, the reduction in death rate of the mare-estrogen treated was 35 per cent over the "placebo" treated. The laboratory-made estrogens were little better than the "placebo" as a preventative of new heart attacks.

As for "strokes," not one of the heart attack victims treated with mare-estrogens over the entire period had one, whereas approximately four per cent of those treated with "placebo" or synthetic estrogens did. "Strokes" following heart attacks are not common but both are caused by arteries which have been deteriorated by "hardening." If heart arteries are "hardened" brain arteries may well be "hardened," too.

From the medical viewpoint another delightful result was that the mare-estrogen treated men were not feminized in any way. They retained their virility, their masculine orientation in matters of sex and the normal male configuration of the the chest. That's extremely important to males, even those whose lives are threatened by "hardened" arteries.

Dr. Mormorston in explaining her team's forthcoming reports to two scientific journals to this writer, attributed this total absence of feminizing to the minute dosages given the men. Another team using the same substance reported a similar reduction in death rates among men who had had heart attacks but this team had a high rate of feminizing. It used dosages four to eight times higher than the Marmorston team used.

The next essential step toward a reliable way of reducing the rate of male artery "hardening" to the female level is to find out more about the estrogens. There are at least 20 of them in female body chemistry. The male adrenal glands also secret estrogens but in extremely tiny amounts —too tiny either to feminize or to preserve his arteries, evidently.

Dr. Marmorstone's hope is to identify the estrogen or estrogens which interfere with artery "hardening." Meanwhile the "estrogen soup" derived from pregnant mares will save lives without contaminating masculinity, she said. Its name is "Premarin."

Mosquitoes Used By Scientists

LOUISVILLE, Ky. (AP) — Dr. Calvin A. Lang of the University of Louisville hopes to use mosquitoes to find out why men grow old.

Lang is doing basic research into the biochemistry of growth and aging, with one goal being to determine why one person is burned out at 35 and another is spry and active at 80.

Why mosquitoes? Although they live only about 30 days, they have precise and sharply divided periods of development. They grow rapidly and have nutritional requirements similar to humans.

Marin County Agencies Join Water Effort

A joint Marin County try for water from a proposed Sonoma County reservoir has been assured after North Marin County Water District directors approved action in combination with Marin Municipal Water Districts.

The North Marin board Tuesday authorized manager Jerome B. Gilbert to sign a letter to Sonoma County jointly with William Seeger, Marin Municipal manager whose authorization was granted by his board last Wednesday.

Intent of the letter will be to ask that an engineering study be immediately undertaken to determine the cost of delivery of water from the proposed Warm Springs Dam, contemplated for construction northwest of Healdsburg.

The dam is a project now before congress, backed by a favorable preliminary report by the army corps of engineers.

Estimates are that the reservoir resulting from dam construction could impound 270,000 acre feet of water, from which a "firm yield" of 90,000 acre feet a year could be expected.

The two Marin districts would like to divide this yield with Sonoma County if costs are not found to be prohibitive, arranging apportionment of 45,000 acre feet a year between the North Marin and the Marin Municipal Water Districts.

The district boards wish to get cost estimates for comparison with other potential water sources north of Marin County.

Play It Cool With A Pool

TORONTO (AP)—The Ontario Swimming Pool Association warns you can get soaked on a pool as well as in it.

The group, which describes itself as a "sort of Better Business Bureau of our own," says fly-by-night pool builders are operating in the province.

John Finch, a director of OSPA, says, "You may think you've saved a lot of money, but after a while the cracks start and you find you've been taken in. Then it's too late — the contractor you dealt with has moved on."

OSPA says this year a good pool costs from $2,000 up.

'No Attack On Red China Without Consulting U.S.'

TAIPEI, Formosa (UPI)—High Nationalist defense officials said yesterday that Nationalist China does not intend to launch an invasion of the Chinese mainland without consulting the United States.

The statement made it appear likely that similar assurances have been given to President John F. Kennedy. There have been fears in the United States that the Nationalists would take the initiative in launching an invasion of the Communist-held mainland.

A 1954 treaty between the United States and Nationalist China calls for mutual consultations before any major military move by either power.

Both Chiang and Nationalist Premier Chen Chaeng have said recently that an attack on Communist China would "come at any time." But one high-ranking official said his government would not attack the mainland unless it was convinced there was popular support for such a move among the people in Red China.

A dispatch from Quemoy, meanwhile reported that the bustling activity of Communist soldiers on mainland beaches opposite the island fortress came to an abrupt end seven days ago and an uneasy lull has prevailed since.

Nationalist officers on Quemoy said the mysterious lull followed a Communist artillery exercise in the direction of Quemoy June 29.

Swarms of Communist soldiers who had been observed hard at work strengthening fortifications near the shore during the past month suddenly picked up their tools and disappeared.

CUSTOM DRAPERIES

MARIN'S LARGEST SELECTION OF FABRICS

Let a Trend decorator help you choose from our almost inexhaustible collection . . . fine linens . . . rugged cottons . . . casual homespuns . . . elegant satins . . . striking novelty weaves . . . all are purchased from the nation's finest mills in quantities to guarantee reasonable prices.

CALL 454-1189 FOR HOME SHOWING — TERMS

CUSTOM DRAPERY
Marin's most complete sewing and service facilities. All tailoring guaranteed. Estimates and measuring free. All samples shown in the home—where they are used. Other Specials at 2.50 & 2.99 yd. including sewing.
1.89 yd. incl. labor

SERVICE
Your tailored draperies are installed and serviced by trained technicians. Careful attention is paid to proper mounting of Kirsch hardware, in addition to delicate handling of fabrics to emphasize their finer drapery qualities.

READY-MADE DRAPES
Marin's largest selection (more than sixty patterns & colors). Prints galore . . . modern, provincial, washable oznaberg, lined & unlined. Widths to 218", all lengths.
Priced from 4.00 per pair

TREND DRAPERIES
1405 Fourth St., San Rafael

A bouquet for Ames

"They're for the birds"

"No where in the Bay Area could we fine a deal to equal the one Don Fraser of Ames Ford gave us on a new Thunderbird. We've never seen such a friendly spirit in an auto dealership, either. They made us feel so welcome."
